Options: Yes

Description of options

A discretionary 12-month extension option is available for continuity if required.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

Competition is absent for technical reasons. As the incumbent service provider Atos and its key sub-contractor(s) are the providers of the existing NS&I Core Banking platforms, which rely on interdependent leveraged technology and resources. The process of dis-aggregating these at the same time as building and deploying a new Core Banking instance would be sufficiently complex that it can only be practicably carried out by Atos IT Services UK without very significant disruption to NS&I customers.

It is to be noted that the contract award is of relatively short duration, so that the services, once dis-aggregated and upgraded, can be taken back to market and re-procured. NS&I intends to publish a Planned Procurement Notice in due course, in this regard.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract
