Planning

## **UKRI-5543 Cryogenic Plant for the National Cryogenic Facility (NCF)**

UK Research & Innovation (UKRI)

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-002669

Procurement identifier (OCID): ocds-h6vhtk-0604aa

Published 13 January 2026, 1:32pm

### **Scope**

### **Reference**

UKRI-5543

### **Description**

This requirement is for a new cryoplant, which has the capacity rated at 2kW at 4K (equivalent to 350W at 2K.) It is to have the capability to provide cooling at 2K, 4K and 20K to multiple users. This capability has been specified to enable UKRI-STFC to meet requirements identified by all initial users and is scalable to meet varying demand.

This is to expand UKRI-STFCs existing expertise in cryogenics and experience in running a cryoplant as a facility user.

### **Total value (estimated)**

- £20,000,000 excluding VAT
- £24,000,000 including VAT

Above the relevant threshold

### **Contract dates (estimated)**

- 20 July 2026 to 21 June 2027
- 11 months, 2 days

### **Main procurement category**

Goods

### **CPV classifications**

- 42511200 - Machinery for liquefying air or other gases
- 42000000 - Industrial machinery

### **Contract locations**

- UK - United Kingdom

---

## **Engagement**

### **Engagement deadline**

28 January 2026

## **Engagement process description**

The purpose of this Preliminary Market Engagement Notice is to inform the market that UK Research and Innovation (UKRI) is exploring the future procurement of a new cryoplant for the National Cryogenic Facility.

UKRI has already undertaken initial, non-binding discussions with a small number of suppliers with relevant specialist expertise to inform early project thinking. This Preliminary Market Engagement Notice is intended to broaden engagement across the market, validate assumptions, and ensure that any future procurement is informed by a wide range of potential delivery approaches, commercial models, and technical capabilities. Participation in this early engagement does not confer any advantage or preference in any future procurement process.

UKRI will be undertaking a Supplier Engagement Session via Teams at 14:00hours on Wednesday 28th January 2026. If you would like to express your organisations interest in this event, please send the following information to [STFCProcurement@ukri.org](mailto:STFCProcurement@ukri.org) no later than Monday 26th January 2026:

- Name of organisation
- Names and email address of those attending the session

Please not, we would limit the number of attendees to 3 per organisation.

Please note that this Preliminary Market Engagement Notice does not constitute a commitment by UKRI to commence a procurement or to award any contract. Any future procurement activity will be subject to internal approvals, including business case approval by the relevant UK Government departments. All future tender documentation, should a procurement proceed, will be made available via UKRI's e-sourcing portal, and potential bidders will be required to register on that portal to access further information.
