I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

DBTH Patient Pathway management

Reference number

DBTH027-CORP-LH-2022-23

II.1.2) Main CPV code

- 48000000 - Software package and information systems

II.1.3) Type of contract

Supplies

II.1.4) Short description

There is a requirement for a discrete, user-friendly real time software application for the management and tracking of all pathways, including both Referral to Treatment (RTT) and non RTT, to ensure patients are prioritised, managed and tracked effectively in relation to urgency, clinical pathways and waiting time standards.

All patient pathway events and activity across the Trust would be fully integrated within the application, including (PAS) Patient Administration System events and diagnostics. The application will support identifying cohorts of patients for prioritisation through a range of user configurable reports, filters, flags and automatic alerts. The application will include dynamic operational work flow including task management and creating actions and events.

It will contain functionality for highlighting potential data quality issues, undertaking validation and reporting on the outcomes of the validation including supporting root cause analysis.

II.1.5) Estimated total value

Value excluding VAT: £390,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKE31 - Barnsley, Doncaster and Rotherham

Main site or place of performance

Doncaster and Bassetlaw

II.2.4) Description of the procurement

There is a requirement for a discrete, user-friendly real time software application for the management and tracking of all pathways, including both Referral to Treatment (RTT) and non RTT, to ensure patients are prioritised, managed and tracked effectively in relation to urgency, clinical pathways and waiting time standards.

All patient pathway events and activity across the Trust would be fully integrated within the application, including (PAS) Patient Administration System events and diagnostics. The application will support identifying cohorts of patients for prioritisation through a range of user configurable reports, filters, flags and automatic alerts. The application will include dynamic operational work flow including task management and creating actions and events.

It will contain functionality for highlighting potential data quality issues, undertaking validation and reporting on the outcomes of the validation including supporting root cause analysis. The solution will contain a full audit trail.

The solution will support multi-roles including Validators, Medical Secretaries, Business Management, Booking and Scheduling, Information Managers etc.

The solution will contain management information reports designed for Operational users, Clinical and senior management.

All the data contained in the solution will be fully available to the Trust to access using their own reporting solutions such as importing into the Trust's data warehouse.

For the avoidance of doubt we are seeking a fully functional discrete stand-alone application which interfaces with trust existing systems, not an EPR system. The Trust does not wish to develop a system.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £390,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

Yes

Description of renewals

The contract is for two years with the option to extend for a further two year period. The value of £390,000 includes all extension options for the full 4 year contract term.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Please download the documents on Atamis

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

Accelerated procedure

Justification:

The Trust issued a PIN to the market over 35 days ago.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2022/S 000-034407](#)

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

14 February 2023

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 30 June 2023

IV.2.7) Conditions for opening of tenders

Date

14 February 2023

Local time

12:00pm

Place

Atamis

Section VI. Complementary information
