# **Section II: Object**

# II.1) Scope of the procurement

#### II.1.1) Title

**DBTH Patient Pathway management** 

Reference number

DBTH027-CORP-LH-2022-23

## II.1.2) Main CPV code

• 48000000 - Software package and information systems

# II.1.3) Type of contract

Supplies

#### II.1.4) Short description

There is a requirement for a discrete, user-friendly real time software application for the management and tracking of all pathways, including both Referral to Treatment (RTT) and non RTT, to ensure patients are prioritised, managed and tracked effectively in relation to urgency, clinical pathways and waiting time standards.

All patient pathway events and activity across the Trust would be fully integrated within the application, including (PAS) Patient Administration System events and diagnostics. The application will support identifying cohorts of patients for prioritisation through a range of user configurable reports, filters, flags and automatic alerts. The application will include dynamic operational work flow including task management and creating actions and events.

It will contain functionality for highlighting potential data quality issues, undertaking validation and reporting on the outcomes of the validation including supporting root cause analysis.

#### II.1.5) Estimated total value

Value excluding VAT: £390,000

## II.1.6) Information about lots

This contract is divided into lots: No

# II.2) Description

## II.2.3) Place of performance

**NUTS** codes

• UKE31 - Barnsley, Doncaster and Rotherham

Main site or place of performance

Doncaster and Bassetlaw

## II.2.4) Description of the procurement

There is a requirement for a discrete, user-friendly real time software application for the management and tracking of all pathways, including both Referral to Treatment (RTT) and non RTT, to ensure patients are prioritised, managed and tracked effectively in relation to urgency, clinical pathways and waiting time standards.

All patient pathway events and activity across the Trust would be fully integrated within the application, including (PAS) Patient Administration System events and diagnostics. The application will support identifying cohorts of patients for prioritisation through a range of user configurable reports, filters, flags and automatic alerts. The application will include dynamic operational work flow including task management and creating actions and events.

It will contain functionality for highlighting potential data quality issues, undertaking validation and reporting on the outcomes of the validation including supporting root cause analysis. The solution will contain a full audit trail.

The solution will support multi-roles including Validators, Medical Secretaries, Business Management, Booking and Scheduling, Information Managers etc.

The solution will contain management information reports designed for Operational users, Clinical and senior management.

All the data contained in the solution will be fully available to the Trust to access using their own reporting solutions such as importing into the Trust's data warehouse.

For the avoidance of doubt we are seeking a fully functional discrete stand-alone application which interfaces with trust existing systems, not an EPR system. The Trust does not wish to develop a system.

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.6) Estimated value

Value excluding VAT: £390,000

## II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

**Duration in months** 

48

This contract is subject to renewal

Yes

Description of renewals

The contract is for two years with the option to extend for a further two year period. The value of £390,000 includes all extension options for the full 4 year contract term.

## II.2.10) Information about variants

Variants will be accepted: No

## II.2.11) Information about options

Options: No

## II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

# Section III. Legal, economic, financial and technical information

# III.1) Conditions for participation

# III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers
