<https://www.christie.nhs.uk>

Buyer's address

<https://www.christie.nhs.uk>

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Smart Infusion Pump Communication and Programming Project (e-Prescribing)

Reference number

DN594410

II.1.2) Main CPV code

- 48000000 - Software package and information systems

II.1.3) Type of contract

Supplies

II.1.4) Short description

A scheme to enable direct communication of the Trusts existing ICU Medical infusion pumps to the Trust's existing iQemo Chemotherapy prescribing system. The requirement will enable direct communication and programming between the pumps and the chemotherapy e-prescribing system.

Phase one will be to enable direct communication of the Trust's ICU Medical infusion pumps to the Trust's iQemo Chemotherapy prescribing system. Phase two will be to implement direct programming of the pumps to ensure absolute accuracy and safety in delivery of chemotherapy.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £180,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKD3 - Greater Manchester

II.2.4) Description of the procurement

- Implementation of barcoding and drug infusion module within the e-prescribing system to enable
- Auto-documentation only mode
- Auto-documentation and auto-programming mode - via iQemo e-prescription
- Bi-directional interfaces with middleware software
- Licenses
- Project Management

II.2.5) Award criteria

Quality criterion - Name: Connectivity and functionality / Weighting: 70

Price - Weighting: 30

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Trust utilises ICU Medical pumps across the organisation. The ICU Medical pumps can only interface with Mednet (the ICU middleware) and cannot interface with any third party software. The Trust utilises iQemo for all of its chemotherapy prescribing. Mednet interfaces with iQemo in order to provide the required functionality around progress and will via this contract development take the programming for the pump directly from the prescription in iQemo; bi-directional interfaces between iQemo and Mednet have been developed for this purpose and the contract will see these interfaces being further refined and developed. These functionalities require access to the ICU Medical pumps and to the patient prescription, demographic and other information in iQemo, and will also impact on the chair scheduling module currently in use within iQemo.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract

Contract No

QR-CHRT287-2021-22 DES

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

31 January 2022

V.2.2) Information about tenders

Number of tenders received: 1

Number of tenders received from SMEs: 1

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor

iQ HealthTech Limited

Hanover House, 5 Hanover Close

Christchurch

BH232FA

Country

United Kingdom

NUTS code

- UKD3 - Greater Manchester

The contractor is an SME

Yes

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £180,000

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

High Court of England and Wales

London

Country
