The parties have agreed a modification of the existing contract by way of a three month extension from 31/01/2022 until 30/04/2022 to allow the current contractual arrangements to remain in place to allow for a new procurement exercise to be completed.

The impact of the global COVID-19 pandemic has resulted in unprecedented demand on this contract. Modifications were undertaken in May 2021 and June 2021 to increase the value of the Contract in total to £393,000 until 31 January 2022. A further modification has now taken place to increase the value by £25,000 and to extend the contract until 30 April

2022. EA have commenced a procurement exercise for a new contract for these services and award decision is envisaged in February 2022. The modification of the current contract is required as the initial pre-tender stages of the re-procurement were delayed due to unforeseen circumstances as staff were diverted to other recent priority projects that came about due to the COVID-19 pandemic. The modification to this Contract is in accordance with Regulation 72(c) of the PCR2-15 in that: (i)the need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen; (ii)the modification does not alter the overall nature of the contract; (iii)any increase in price does not exceed 50% of the value of the original contract or framework agreement.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)
