II.2.4) Description of the procurement

In April 2015 the MOD signed a thirteen year contract with Leidos Europe Ltd to provide the procurement and inventory management of commodity items (as well as the storage and distribution services) historically provided in-house by the Logistic Commodities and Services Operating Centre. Leidos, working with the MOD, will transform the way these services are delivered to ensure requirements continue to be met whilst providing best value for money for the department. The organisation delivering these services is known as Team Leidos. Team Leidos would like to make interested suppliers aware that it has awarded tenders for its supply and delivery of The Supply and Support of Tempus Pro Patient Monitors.

The Medical Consumables Team, which forms part of Leidos Supply Ltd has awarded the tender for the requirement of the Supply and Support of Tempus Pro Patient Monitors on behalf of the UK MOD, consisting of one contract. The estimated value for the contract is £8,500,000 over the three year period with the contract awarded to Remote Diagnostic Technologies (RDT) Ltd .

As per VTN <https://www.find-tender.service.gov.uk/Notice/025889-2023?> Reference (2023/S 000-025889) published 01/09/2023 this contract was awarded using the negotiated procedure without prior publication of a contract notice pursuant to Article 32 of Directive 2014/24/EC of the European Parliament (Regulation 32(2)(b)(ii) of PCR 2015).

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - protection of exclusive rights, including intellectual property rights
- Additional deliveries by the original supplier

Explanation:

The works, supplies or services can be provided only by a particular economic operator for the following reason:

- The protection of exclusive rights, including intellectual property rights.
- for additional deliveries by the original supplier which are intended either as a partial replacement of supplies or installations or as the extension of existing supplies or installations where a change of supplier would oblige the contracting authority to acquire supplies having different technical characteristics which would result in incompatibility or disproportionate technical difficulties in operation or maintenance (Regulation 32(5)(b) of PCR 2015).

Leidos Supply Ltd has awarded a single source framework to support the existing fleet of Tempus Pro Patient Monitors in service across the MOD, via the provision of spare parts, accessories, software, training, servicing and support for these devices. The requirement also includes the procurement of additional Tempus Pro devices to expand the current fleet, as well as replacement devices for units considered Beyond Economic Repair (BER).

The manufacturer (Philips RDT) are the sole supplier to the UK military market for Tempus Pro Patient Monitors, as well as associated spares, accessories, software, training, servicing and support. Failing to use products that have been approved for use with the Tempus Pro Patient Monitors or that are software compatible would potentially result in device safety issues and non-conformance of warranty resulting in a voided warranty.
