Other activity

Public Sector Framework Provider

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Asset Safety and Compliance Framework

Reference number

ASC1

II.1.2) Main CPV code

- 71315000 - Building services

II.1.3) Type of contract

Services

II.1.4) Short description

This opportunity has been listed by LHC on behalf of the Scottish Procurement Alliance and our other regional entities:

Consortium Procurement Construction (CPC)

LHC London and South East (LSE)

South-West Procurement Alliance (SWPA)

Welsh Procurement Alliance (WPA)

LHC/SPA is seeking suitable organisations for our Asset Safety & Compliance Services framework (ASC1). ASC1 will provide LHC/SPA partners with access to a range of asset safety consultancy, testing/inspection, servicing, and maintenance services to ensure the safety of their properties and comply with their landlord obligations. This new framework will replace our existing asbestos and vacant property protection framework agreements, and extend the scope to additional safety and compliance services. The ASC1 framework will consist of the following lots which interested parties can apply for.

Lot 1a - Asbestos Consultancy

Lot 1b - Asbestos Surveys and Testing

Lot 1c - Asbestos Removals and Remedial

Lot 2a – Property Protection and Associated Services

Lot 3a - Water Hygiene Testing and Consultancy

Lot 3b - Water System Maintenance, Remedials and Associated Services

Lot 4a - Gas Heating Systems Inspection, Servicing & Remedial (Domestic)

Lot 4b - Gas Heating Systems Inspection, Servicing & Remedial (Commercial)

Lot 4c - Ventilation Systems Inspection, Servicing and Maintenance

Lot 4d - HVAC (Air Conditioning) Servicing and Maintenance

Lot 5a - Fixed Wire Testing (EICR) and Remedials

Lot 5b - Portable Appliance Testing

Within each lot there will be a range of regional areas covering England, Scotland and Wales that bidders can select from to provide their services within.

To express an interest in the project and access the tender documents, organisations will need to register via our eTendering portal using the link as follows:

<https://in-tendhost.co.uk/lhc.aspx/Home>

II.1.5) Estimated total value

Value excluding VAT: £135,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

4C - Ventilation Systems Inspection, Servicing and Maintenance

Lot No

9

II.2.2) Additional CPV code(s)

- 42500000 - Cooling and ventilation equipment
- 42520000 - Ventilation equipment
- 45331000 - Heating, ventilation and air-conditioning installation work
- 45331200 - Ventilation and air-conditioning installation work
- 45331210 - Ventilation installation work
- 71315410 - Inspection of ventilation system
- 71321400 - Ventilation consultancy services

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

Within this lot there are a range of regional areas covering England, Scotland and Wales that bidders can select from to provide their services within.

II.2.4) Description of the procurement

Lot 4C will cover ventilation systems inspection, servicing and maintenance. LHC/SPA is looking for experienced organisations who can provide inspection, servicing, maintenance, and remedial services for a range of ventilation systems within their properties.

Full details of the scope can be found in the procurement documents provided however the scope of this lot will include:

Annual inspection services

Maintenance works, both proactive and reactive

Installation of replacement systems either in part or full

Full details of the minimum requirements to be considered eligible to bid for this lot can be found in the procurement documents provided.

II.2.5) Award criteria

Quality criterion - Name: General Technical / Weighting: 20

Quality criterion - Name: Regional Capability / Weighting: 20

Quality criterion - Name: Technical Capability / Weighting: 30

Price - Weighting: 30

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

LHC/SPA intend to appoint up to six (6) bidders per regional area to ensure SPA partners have adequate service coverage within each region. LHC/SPA reserve the right to appoint additional bidders where LHC/SPA deems it appropriate to support client needs and local / regional representation of appointees to the Framework.

II.2) Description

II.2.1) Title

4D - HVAC (Air Conditioning) Servicing and Maintenance

Lot No

10

II.2.2) Additional CPV code(s)

- 39717000 - Fans and air-conditioning appliances
- 39717200 - Air-conditioning appliances
- 42512000 - Air-conditioning installations
- 45331000 - Heating, ventilation and air-conditioning installation work
- 45331220 - Air-conditioning installation work

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

Within this lot there are a range of regional areas covering England, Scotland and Wales that bidders can select from to provide their services within.

II.2.4) Description of the procurement

Lot 4D will cover HVAC systems inspection, servicing and maintenance.

LHC/SPA is looking for experienced organisations who can provide inspection, servicing, maintenance, and remedial services for a range of heating, ventilation and air conditioning (HVAC) systems within their properties.

Full details of the scope can be found in the procurement documents provided however the scope of this lot will include:

Annual inspection services

Maintenance works, both proactive and reactive

Installation of replacement systems either in part or full

Full details of the minimum requirements to be considered eligible to bid for this lot can be found in the procurement documents provided.

II.2.5) Award criteria

Quality criterion - Name: General Technical / Weighting: 20

Quality criterion - Name: Regional Capability / Weighting: 20

Quality criterion - Name: Technical Capability / Weighting: 30

Price - Weighting: 30

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

LHC/SPA intend to appoint up to six (6) bidders per regional area to ensure SPA partners have adequate service coverage within each region. LHC/SPA reserve the right to appoint additional bidders where LHC/SPA deems it appropriate to support client needs and local / regional representation of appointees to the Framework.

II.2) Description

II.2.1) Title

5B - Portable Appliance Testing (PAT)

Lot No

12

II.2.2) Additional CPV code(s)

- 38900000 - Miscellaneous evaluation or testing instruments
- 38500000 - Checking and testing apparatus
- 71630000 - Technical inspection and testing services
- 50532000 - Repair and maintenance services of electrical machinery, apparatus and associated equipment
- 50711000 - Repair and maintenance services of electrical building installations
- 45311100 - Electrical wiring work
- 45310000 - Electrical installation work
- 71314100 - Electrical services

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

Within this lot there are a range of regional areas covering England, Scotland and Wales that bidders can select from to provide their services within.

II.2.4) Description of the procurement

Lot 5B will cover portable appliance testing (PAT).

LHC/SPA is looking for experienced organisations who can provide inspection, testing and certification of portable electrical appliances and equipment.

Full details of the scope can be found in the procurement documents provided.

Full details of the minimum requirements to be considered eligible to bid for this lot can be found in the procurement documents provided.

II.2.5) Award criteria

Quality criterion - Name: General Technical / Weighting: 20

Quality criterion - Name: Regional Capability / Weighting: 20

Quality criterion - Name: Technical Capability / Weighting: 30

Price - Weighting: 30

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

LHC/SPA intend to appoint up to six (6) bidders per regional area to ensure SPA partners have adequate service coverage within each region. LHC/SPA reserve the right to appoint additional bidders where LHC/SPA deems it appropriate to support client needs and local / regional representation of appointees to the Framework.

II.2) Description

II.2.1) Title

5A - Fixed Wire Testing (EICR) and Remedials

Lot No

11

II.2.2) Additional CPV code(s)

- 50711000 - Repair and maintenance services of electrical building installations
- 45311100 - Electrical wiring work
- 71314100 - Electrical services
- 45310000 - Electrical installation work
- 50532000 - Repair and maintenance services of electrical machinery, apparatus and associated equipment
- 71630000 - Technical inspection and testing services
- 71631000 - Technical inspection services

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

Within this lot there are a range of regional areas covering England, Scotland and Wales that bidders can select from to provide their services within.

II.2.4) Description of the procurement

Lot 5A will cover fixed wire testing (EICR) and associated remedial works.

LHC/SPA is looking for experienced organisations who can provide periodic inspection and testing of electrical installations within their properties, and the provision of EICRs. In addition (where requested) LHC/SPA clients may require remedial of faults identified during inspection.

Full details of the scope can be found in the procurement documents provided however the scope of this lot will include:

Testing and certification of electrical installations and provision of electrical safety certificates

Testing and certification of associated electrical elements (e.g. EV chargers)

Remedials and replacements of electrical components

Full details of the minimum requirements to be considered eligible to bid for this lot can be found in the procurement documents provided.

II.2.5) Award criteria

Quality criterion - Name: General Technical / Weighting: 20

Quality criterion - Name: Regional Capability / Weighting: 20

Quality criterion - Name: Technical Capability / Weighting: 30

Price - Weighting: 30

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

LHC/SPA intend to appoint up to six (6) bidders per regional area to ensure SPA partners have adequate service coverage within each region. LHC/SPA reserve the right to appoint additional bidders where LHC/SPA deems it appropriate to support client needs and local / regional representation of appointees to the Framework.

II.2) Description**II.2.1) Title**

4B - Gas Heating Systems Inspection, Servicing & Remedial (Commercial)

Lot No

8

II.2.2) Additional CPV code(s)

- 31161200 - Gas cooling systems
- 39721411 - Gas heaters
- 39721410 - Gas appliances
- 50511200 - Repair and maintenance services of gas pumps
- 50531200 - Gas appliance maintenance services
- 09323000 - District heating
- 42515000 - District heating boiler
- 50720000 - Repair and maintenance services of central heating
- 71314310 - Heating engineering services for buildings
- 50531100 - Repair and maintenance services of boilers

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

Within this lot there are a range of regional areas covering England, Scotland and Wales that bidders can select from to provide their services within.

II.2.4) Description of the procurement

Lot 4B will cover gas safety & heating systems inspection, servicing & remedial (commercial) services.

LHC/SPA is looking for experienced organisations who can provide commercial / non domestic gas inspection (LGSR), servicing, maintenance, and remedial services to assist partners with the management of their non domestic gas appliances within their properties.

Full details of the scope can be found in the procurement documents provided however the scope of this lot will include:

Annual inspection of commercial / non domestic gas burning and heating system appliances

Responsive maintenance works, both proactive and reactive

Installations of replacement systems, either in part or full

Full details of the minimum requirements to be considered eligible to bid for this lot can be found in the procurement documents provided.

II.2.5) Award criteria

Quality criterion - Name: General Technical / Weighting: 20

Quality criterion - Name: Regional Capability / Weighting: 20

Quality criterion - Name: Technical Capability / Weighting: 30

Price - Weighting: 30

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

IV.2.7) Conditions for opening of tenders

Date

16 March 2023

Local time

2:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

SPA / LHC is a joint committee of local authorities acting as a central purchasing body on behalf of contracting authorities throughout England, Wales and Scotland (including partners of the Scottish Procurement Alliance).

Thanks to the ongoing and collective feedback and input into the development of this framework, it is both designed and anticipated to support the vast majority of our clients' and partners' requirements.

Consequently, other contracting authorities that were not specifically consulted in the development of this framework may nevertheless also deem the framework to offer a value for money procurement solution for their own requirements and may also use the framework.

As of the date of publication of this notice our frameworks may be used by all contracting authorities in Scotland as defined by the Public Contracts (Scotland) Regulations 2015 and as listed on [https:// www.scottishprocurement.scot/who-we-work-with/](https://www.scottishprocurement.scot/who-we-work-with/), including, but not limited to Registered social landlords (RSL's), tenant management organisations (TMOs) and arm's length management organisations (ALMOs), local authorities and any subsidiaries and joint-venture vehicles of those local authorities, health authorities, councils, boards and trusts, publicly funded schools, universities and further education establishments, colleges, police forces, fire and rescue services or registered charities.

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

As this is a tender for the establishment of a framework this is not appropriate but may be included in call off contracts.

The Contracting Authority does not intend to include any community benefit requirements in this contract for the following reason:

Bidders must beware that SPA Partners may add community benefit requirements in their call-off contracts from this Framework including but not limited to:

- Generating education, employment and vocational training opportunities for priority groups

and for up-skilling the existing workforce;

- Supporting environmental concerns such as net carbon zero
- Delivering equality and diversity initiatives;
- Making sub-contracting opportunities available to SMEs, local organisations, the third sector and supported businesses;
- Supporting supply-chain development activities;
- Building capacity in community organisations;
- Supporting charitable and community benefit initiatives

(SC Ref:718768)
