Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Given the specialist nature of the requirement, that it is for emergency repairs, and the health & safety issues related to this, CITB want to proceed as soon as possible. It is a specialist roof (Plygene) and CITB have had the manufacturer complete a survey to establish the remedial works required. Due to the specialist nature of the repairs, the manufacturer identified 3 local contractors who are approved to work on this type of system. Out of the 3 suppliers contacted, one opted not to quote and the other failed to respond to CITB's request for quote. Due to the time restraints, a full tender is not viable at present.
