Services

II.1.4) Short description

The National Benchmarking Service and Quest are well established tools that Sport England have developed to support improvements across the sector. They are operated by third party contractors on behalf of Sport England and over seen by an independent board representative of key sector bodies.

The Quest and NBS Board have undertaken extensive consultation with the sector and its members to develop a new Leisure Service Performance Management and Improvement Tool which will replace the existing contracts which are due to expire in October 2021. This tool will support local authorities and their strategic partners to manage and improve service delivery using a framework that consists of three pillars.

1. Performance management and improvement
2. Local authority client support
3. assessment/award

II.1.5) Estimated total value

Value excluding VAT: £3,000,000

II.2.2) Additional CPV code(s)

- 79411100 - Business development consultancy services

II.2.3) Place of performance

NUTS codes

- 00 - Other NUTS code

II.2.4) Description of the procurement

Procurement of a Supplier to establish the reformed service and embed it in over the initial period of the contract. It will be for provider to manage a Performance Management and Improvement Framework for leisure, sport and physical activity and wellbeing.

The National Benchmarking Service and Quest are well established tools that Sport England have developed to support improvements across the sector. They are operated by third party contractors on behalf of Sport England and over seen by an independent board representative of key sector bodies.

The Quest and NBS Board have undertaken extensive consultation with the sector and its members to develop a new Leisure Service Performance Management and Improvement Tool which will replace the existing contracts which are due to expire in October 2021. This tool will support local authorities and their strategic partners to manage and improve service delivery using a framework that consists of three pillars.

The first pillar has two key areas of focus: Efficiency and Effectiveness. It forms the core components of the broader framework. It is closely linked to local strategic outcomes demonstrating progress and promoting continuous improvement

The second pillar is focussed on providing bespoke support to the local authority client and facilitating knowledge sharing. The flexibility of this pillar is a fundamental feature that allows the local authority client to utilise features as and when they are needed, for example during contract review or making decisions such as facility rationalisation.

The third pillar focuses on assessments and mystery visits which are highly valued by the sector. They promote best practice across the sector and seek to raise standards for those areas of the sector where working to achieve sector standards and improving on them are highly valued.

The value of the contract is made up of fees for delivery and income from third parties.

II.3) Estimated date of publication of contract notice

18 May 2021

Section IV. Procedure
