Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - protection of exclusive rights, including intellectual property rights

Explanation:

No other reasonable alternative exists for this procurement, this Intellispace Critical Care and Anaesthesia (ICCA) system is essential to patient care and service delivery. Cardiac Services are the sole supplier/agent for the Philips Clinical Information System and have exclusive rights over the software, licences and updates for this system. The functionality of this system is within the core scope of the Encompass procurement

This contract is required to cover the transitional period and a replacement in the short-term is not a reasonable alternative as it would require extensive ICT infrastructure, validation and integration work that would result in significant disruption and lead to disproportionate technical difficulties that would impact on the Trusts ability to provide a Critical Care and Anaesthesia service. The wider market was consulted when Encompass was procured. The absence of competition is not a result of the artificial narrowing of the parameters of the procurement.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
