## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

ID5026 Group Energy Commodity Tender

Reference number

ID5026

#### **II.1.2) Main CPV code**

- 09310000 - Electricity

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

The PQQ consists of 4 Lots:

Proposed contract agreement(s) for offsite Renewable Power Purchasing Agreement(s)(PPA);

Lot 1 Operational Assets

Lot 2 New Build Assets

Lot 3 Combined Existing and New Build Assets

During the ITN process MAG will determine the most economically advantageous outcome for MAG between the Lots.

And;

Lot 4 Proposed Power Supplier Contract to supply to Manchester Airport, East Midlands Airport and Stansted Airport.

#### **II.1.5) Estimated total value**

Value excluding VAT: £750,000,000

### **II.1.6) Information about lots**

This contract is divided into lots: Yes

Tenders may be submitted for all lots

## **II.2) Description**

### **II.2.1) Title**

Offsite Renewable Power Purchase Agreement - Operational Assets

Lot No

1

### **II.2.2) Additional CPV code(s)**

- 09330000 - Solar energy
- 31121340 - Wind farm

### **II.2.3) Place of performance**

NUTS codes

- UKD33 - Manchester

### **II.2.4) Description of the procurement**

Lot 1 Offsite Renewable Power Purchase Agreement - Operational Assets

PPA (Lots 1 to 3)

The objectives of this PPA Procurement is to secure long-term competitive price and demand hedging over a maximum 20 year period. We have a desired commencement date for supply of 1st April 2024 and whilst our long-term strategy calls for additionality, we have also allowed for Bidders in the ITN phase to submit bids from existing assets (Lots 1 & 3), in order to provide the most economically advantageous outcome for MAG.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.6) Estimated value**

Value excluding VAT: £94,000,000

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

60

This contract is subject to renewal

No

### **II.2.10) Information about variants**

Variants will be accepted: No

### **II.2.11) Information about options**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

## **II.2) Description**

### **II.2.1) Title**

Offsite Renewable Power Purchase Agreement - New Build Assets

Lot No

2

### **II.2.2) Additional CPV code(s)**

- 09330000 - Solar energy
- 31121340 - Wind farm

### **II.2.3) Place of performance**

NUTS codes

- UKD33 - Manchester

### **II.2.4) Description of the procurement**

Lot 2 Offsite Renewable Power Purchase Agreement - New Build Assets

PPA (Lots 1 to 3)

The objectives of this PPA Procurement is to secure long-term competitive price and demand hedging over a maximum 20 year period. We have a desired commencement date for supply of 1st April 2024 and whilst our long-term strategy calls for additionality, we have also allowed for Bidders in the ITN phase to submit bids from existing assets (Lots 1 & 3), in order to provide the most economically advantageous outcome for MAG.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.6) Estimated value**

Value excluding VAT: £192,000,000

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

180

This contract is subject to renewal

No

### **II.2.10) Information about variants**

Variants will be accepted: No

### **II.2.11) Information about options**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

## **II.2) Description**

### **II.2.1) Title**

Offsite Renewable Power Purchase Agreement - Combined Existing and New Build Assets

Lot No

3

### **II.2.2) Additional CPV code(s)**

- 09330000 - Solar energy
- 31121340 - Wind farm

### **II.2.3) Place of performance**

NUTS codes

- UKD33 - Manchester

### **II.2.4) Description of the procurement**

Lot 3 Offsite Renewable Power Purchase Agreement - Combined Existing and New Build Assets

PPA (Lots 1 to 3)

The objectives of this PPA Procurement is to secure long-term competitive price and demand hedging over a maximum 20 year period. We have a desired commencement date for supply of 1st April 2024 and whilst our long-term strategy calls for additionality, we have also

allowed for Bidders in the ITN phase to submit bids from existing assets (Lots 1 & 3), in order to provide the most economically advantageous outcome for MAG.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.6) Estimated value**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

## **II.2) Description**

### **II.2.1) Title**

Energy Supplier Contract

Lot No

4

**II.2.2) Additional CPV code(s)**

- 09310000 - Electricity

**II.2.3) Place of performance**

NUTS codes

- UKD33 - Manchester

**II.2.4) Description of the procurement**

Lot 4 - Energy Supplier Contract

MAG Airport Limited (hereafter MAG) is seeking a long term energy supplier partner to meet the power demands across its three sites (Manchester Airport, Stansted Airport and East Midlands Airport) with a current consumption of over 210GWh from the grid. MAG is separately looking to enter into a Power Purchase Agreement (PPA) program with one or a small number of renewable energy generation parties to provide new generation by end of 2024, and is in the process of developing onsite solar power generation. The new energy supplier will need to act as a sleeving agent to support MAG in managing its existing and new PPAs and therefore achieving its ambitious decarbonisation targets, its growing role as a climate leader, and its ambition to achieve carbon neutrality by 2038.

MAG is seeking an energy supplier from 1st April 2024 that can integrate MAGs existing PPAs

(expected to generate between 65 GWh and 75 GWh of power per annum from 2025), new offsite PPAs (generating a further 100-140GWh per annum from 2024), and provide shaping and flexibility to allow for its future energy strategy. MAG will need balancing and shaping services as part of

the offering with the new energy supplier in order to facilitate a seamless sleeve of baseload power into MAGs import hedging structure.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.6) Estimated value**

Value excluding VAT: £218,000,000

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

84

This contract is subject to renewal

Yes

Description of renewals

The Contract will have a duration of 5 (five) years, plus an extension period of 2 (two) years.

### **II.2.10) Information about variants**

Variants will be accepted: No

### **II.2.11) Information about options**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## **Section III. Legal, economic, financial and technical information**

### **III.1) Conditions for participation**

#### **III.1.2) Economic and financial standing**

Selection criteria as stated in the procurement documents

#### **III.1.3) Technical and professional ability**

Selection criteria as stated in the procurement documents

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Competitive procedure with negotiation

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes

### **IV.2) Administrative information**

#### **IV.2.2) Time limit for receipt of tenders or requests to participate**

Date

15 February 2023

#### **IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates**

6 March 2023

#### **IV.2.4) Languages in which tenders or requests to participate may be submitted**

English

#### **IV.2.6) Minimum time frame during which the tenderer must maintain the tender**

Duration in months: 6 (from the date stated for receipt of tender)

---

## **Section VI. Complementary information**

### **VI.1) Information about recurrence**

This is a recurrent procurement: No

### **VI.3) Additional information**

Parties interested in obtaining more information about MAG's Energy Commodity Tender Project are asked to firstly register on Manchester Airport Group's e-tendering system on the Link:

<https://esourcing.waxdigital.co.uk/MAG/>

Once you have registered please email [gregory.mina@stanstedairport.com](mailto:gregory.mina@stanstedairport.com) and advise that you have registered. You will then be given access to the information pack on the portal.
