There are initially 3 schools in this framework, however, other schools may call off later.

It should be noted that it is not mandatory for trust schools to use this framework. Schools will only call off from this agreement if they have a requirement to do so. It is envisaged the number of contractors on the framework will be between 1 and 3

The provision of the service must demonstrate the best value approach and be flexible in its delivery and operation to ensure that the needs and ethos of individual schools are supported.

This framework process is targeted to have a cleaning contract in place to commence in February 2024 for The Academy of St Francis of Assisi, The Academy of St Nicholas and Faith Primary. Please note that this process covers all cleaning services within the All Saints Multi Academy Trust schools with full tender costings and proposals for the schools for a contract start in in February 2024 for The Academy of St Francis of Assisi, The Academy of St Nicholas and Faith Primary. These details will be further explained in the ITT documents. The process will include the creation of a select bidder list following analysis of SQ documents (within which the scoring criteria is included). ITT documents. The process will include the creation of a select bidder list following analysis of SQ documents (within which the scoring criteria is included). The nature of the contract demands a good local infrastructure to provide and maintain the level and standard of cleaning service and support required by the Trust. Labour resource/relief cover is very important. We have set a minimum level of turnover for this tender at 250,000 GBP which takes into account the contract turnover and cash flow associations. This is a discretionary pass/fail question on the basis that we will consider any additional guarantees and formal assurances such as parent company guarantors or similar which must be included to support any submission. We have set a minimum Employer's (compulsory) liability insurance of 10,000,000 GBP). Following the analysis of SQ's the selected bidders will be invited to attend a site survey and tender briefing initially planned for October 2023. Tender response deadline is planned as Mid-November 2023 and it is envisaged that interviews will take place in late-November.
