Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

COV - Live Environment Construction Testing (LECT) Operator

Reference number

COV-21323

II.1.2) Main CPV code

- 60200000 - Railway transport services

II.1.3) Type of contract

Services

II.1.4) Short description

Coventry City Council ("the Council") are seeking a vehicle operator to operate the Coventry

Very Light Rail ("CVLR") vehicle through a 4-week period from 19 May 2025 to 15 June 2025.

The awarded Operator will be required to perform some pre-work such as creation of Safety

Management System ("SMS") and driver training.

II.1.5) Estimated total value

Value excluding VAT: £100,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 60210000 - Public transport services by railways

II.2.3) Place of performance

NUTS codes

- UKG33 - Coventry

Main site or place of performance

Coventry

II.2.4) Description of the procurement

The Council are developing the innovative CVLR project. This seeks to introduce a low-cost

urban light rail system into the heart of Coventry.

The primary objective of the Coventry Very Light Rail Project is to create an affordable integrated transport system that comprises a lightweight low-cost vehicle and innovative

trackform. The low cost means it can be implemented at scale, thereby driving significant

mode shift to a low carbon mode, with an ambition to achieve zero carbon ultimately by using renewable energy to power the system.

A full CVLR network is envisaged in the future but to allow this to be managed in a safe and

effective manner, the first stage will be a CVLR Live Environment Construction Testing (LECT) route.

CVLR LECT will be operational for a four (4) week period from Monday 19 May 2025 through Sunday 15 June 2025. The vehicle will be transferred to Coventry on Monday 19 May 2025.

The awarded Operator will be required to perform some pre-work such as creation of Safety

Management System ("SMS") and driver training.

A vehicle operator is required to operate the CVLR vehicle through the period outlined above. A concept of operations (ConOps) has been developed and outlines how Coventry

Very Light Rail (CVLR) Live Test Environment Construction Testing (LECT) is expected to be

operated under normal, degraded and emergency scenarios.

The Council published a Prior Information Notice (reference 2024/S 000-040263) on 13 December 2024, utilising Regulation 27(4) of the Public Contracts Regulations 2015 (as amended) to reduce the tender period to 15 days.

Coventry City Council conducts all of its tendering exercises on its e-procurement portal, www.csw-jets.co.uk. Interested Operators should register with www.csw-jets.co.uk to access the tender documentation

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

4

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.14) Additional information

The Council published a Prior Information Notice (reference 2024/S 000-040263) on 13 December 2024, utilising Regulation 27(4) of the Public Contracts Regulations 2015 (as amended) to reduce the tender period to 15 days.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation
