The high-quality service levels proposed, should maintain excellent standards throughout, resulting in a new food service offer with consistent high standards of food operations within the Academy.

Regular customer and parental engagement will be required to ensure this is the case moving into the contract term

These new standards of operation should meet the needs of the pupils’ moving forwards into this contract term. The current range of foods needs to be expanded along with the service provision. It is one of the objectives of this tender that the successful contractor will utilise the local supply chain and farming” belt” in Warwickshire and Worcestershire to source all fresh produce, namely being:

The successful contractor is expected to maximise the use of all catering facilities through the adoption and employment of effective marketing policies and techniques. It will be the responsibility of the Contractor to develop specific marketing proposals to encourage a healthy approach to eating.

North Leamington School is part of the Elm Tree Multi Academy Trust. This MAT is hoping to grow in the number of schools becoming part of the Trust during this contract period, and the provision of catering services within these schools when they have joined the MAT will fall under the scope of this contract. The successful Supplier will be expected to provide this service within any additional schools using the same costing model that they applied to their successful tender submission for North Leamington School at the point of tender submission.
