Market climate and demands:

Out of home (OOH) advertising media is the current fastest growing advertising platform across the UK especially digital. Whilst the digital out of home media (OOH) is soaring, e [marketer.com](https://www.marketer.com) has reported that in 2018 470GBP Million was spent on OOH media and 50% of the spend was attributed to digital advertising. Other authorities such as London, Cardiff, Aberystwyth, Kent and Carmarthenshire to name a few have already instigated and converted their billboards to digital.

The use of digital LED displays in place of more traditional paper or stretched vinyl posters is increasingly commonplace in the advertising industry. Unlike their predecessors, digital displays allow for poster images to be changed remotely which greatly improves efficiency and drastically reduces the amount of site visits and physical waste.
