IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- No tenders or no suitable tenders/requests to participate in response to restricted procedure
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Authority intends to award a contract to Stoney Cove Ltd for the provision of sub-aqua diving to enable the continued delivery of the Statement of Training Requirement for Joint Service Adventurous Training (JSAT).

Military diving is bound by strict rules and regulations and any supplier must be a Commercial MOD Approved Centre (ComMAC). JSAT Diving is also bound by JSP 286 The Defence Diving Manual, meaning that any diving that takes place whether in house or commercially must comply with the manual. Stoney Cove Ltd is currently the only supplier capable of delivering the required services in line with the safety parameters set through JSP 286, having been audited by JSAT Diving.

Additionally, any prospective supplier must be situated within 10 miles of Gamecock Barracks, Nuneaton, which is where JSAT student accommodation is provided. There are no other dive schools within the area that can deliver the services required and transferring students further away is not feasible as they are on a training schedule. This leaves Stoney Cove Ltd as the only viable supplier.

The Authority considers that the contract may be awarded on the basis of the justification set out in paragraph 6 of Schedule 5 to the Procurement Act 2023:

Schedule 5, paragraph 6

The following conditions are met in relation to the public contract—

(a) due to an absence of competition for technical reasons, only a particular supplier can supply the goods, services or works required, and

(b) there are no reasonable alternatives to those goods, services or works.
