Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Digital Diagnostic Solutions

II.1.2) Main CPV code

- 48180000 - Medical software package

II.1.3) Type of contract

Supplies

II.1.4) Short description

Digital Diagnostic Solutions is to be the new Framework for the Medical IT Departmental Software and Hardware Solutions framework within NHS Supply Chain.

Digital systems are the backbone of any hospital with every department requiring a way to store, manage and share their data across sites, regions and even whole nations.

This framework will offer customers access to a number of suppliers across different clinical areas that sit within the Diagnostics, Equipment and Services area of NHS Supply Chain.

This Framework Agreement will offer managed and non-managed service contracts as well as software only.

Customers will have the ability to specify and create a fully bespoke Digital Diagnostic Solution for different requirements that can range from a single site or department to a solution across multiple departments or Trusts. Precise quantities are unknown. The estimated value over the total Framework Agreement term (including any extension options) is £700,000,000 including growth.
