Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of a Fuel Management System and Fleet Fuel System Maintenance

Reference number

GCC005191CPU

II.1.2) Main CPV code

- 51611100 - Hardware installation services

II.1.3) Type of contract

Services

II.1.4) Short description

The council is inviting suitably qualified and experienced Bidders to submit bids for the supply, installation and maintenance of a new Fuel Management System (FMS).

In addition to the above the successful Bidder will be required to carry out a scheduled maintenance programme and any adhoc repairs, as needs arise, on the existing fuel supply hardware and ancillary equipment to ensure ongoing supply of fuel to the fleet.

The contract is expected to run for 2 years and optional 2 x 12 months extension.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £185,500

II.2) Description

II.2.2) Additional CPV code(s)

- 42122180 - Fuel pumps

- 42124211 - Parts of fuel pumps
- 72263000 - Software implementation services
- 48514000 - Remote access software package
- 50511000 - Repair and maintenance services of pumps
- 09100000 - Fuels

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

Main site or place of performance

UK, Glasgow

II.2.4) Description of the procurement

The council is inviting suitably qualified and experienced Bidders to submit bids for the supply, installation and maintenance of a new Fuel Management System (FMS).

In addition to the above the successful Bidder will be required to carry out a scheduled maintenance programme and any adhoc repairs, as needs arise, on the existing fuel supply hardware and ancillary equipment to ensure ongoing supply of fuel to the fleet.

The contract is expected to run for 2 years with optional two periods of up to 12 months each.

The council has eighteen bunkered fuel sites which dispense circa. 5.5 million litres of fuel per year to 2,500 authorised vehicles and drivers 24 hours per day, 365 days per year.

The council currently has two suppliers that provide a modem based fuel management system that monitors fuel levels, deliveries and details transactions of Diesel, Gasoil and Adblue. The current systems are time expired, in need of upgrade and do not currently encompass all fuel locations.

The council requires these systems to be replaced with a single modern, 3 or 4G FMS, which will encompass the entire fuel estate. Thus allowing the monitoring of all fuel activity, including all current fuel types and with the ability to monitor alternative fuels such as Compressed Gas Hydrogen and Electricity.

Currently, identification fobs are used to allow access to the fuel system. The new system

must offer similar or improved secure access systems, such as Automatic Number Plate Recognition (ANPR) or Can BUS readers, to identify vehicles and authorised users prior to fuel dispensation and allow for smart fleet data capture in identifying vehicles, drivers and collecting vehicle odometer data.

The council requires to appoint one supplier to provide all element of this contract to include supply, installation and maintenance of new fuel management system and existing fuel infrastructure maintenance for the council's eighteen fuel sites. As these requirements may come from two specialist areas, the council will allow organisations to working in partnership, with one organisation taking the lead.

II.2.5) Award criteria

Quality criterion - Name: Key Personnel / Weighting: 10

Quality criterion - Name: Data Protection / Weighting: 5

Quality criterion - Name: Sustainability / Weighting: 5

Quality criterion - Name: Fair Work Practices / Weighting: 5

Country

United Kingdom

NUTS code

- UKM82 - Glasgow City

The contractor is an SME

Yes

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £185,500

Section VI. Complementary information

VI.3) Additional information

Re SPD Questions 4D.1, 4D1.1, 4D1.2, 4D2, 4D2.1 and 4D2.2 bidders must hold the certificates for Quality Control, Health and Safety and Environmental Management Standards or comply with all the questions noted in SPD Section 4D. Please refer to the 'SPD Statements' doc within the Invitation to Tender document.

Health & Safety – applicants must complete and return the H&S questionnaire found within the Buyers Attachment area within PCS-T.

Freedom of Information Act - Information on the FOI Act is contained in Appendix A of the ITT. Applicants must note the implications of this legislation and ensure that any information they wish the council to consider withholding is specifically indicated on the FOI Certificate found in the Technical Envelope within PCS-T. (NB the council does not bind itself to withhold this information).

Tenderers Amendments - Applicants must enter any clause, condition, amendment to specification or any other qualification they may wish to make conditional to this offer. Applicants will be required to complete the tenderers amendment certificate found in the Technical Envelope within PCS-T.

Prompt Payment - The successful tenderer shall, as a condition of being awarded the tender, be required to demonstrate to the council's satisfaction that all funds due to the tenderer's permitted sub-contractors in respect of these works are paid timeously and that as a minimum invoices rendered by subcontractors shall (unless formally disputed by the tenderer) be paid within 30 days of receipt. The successful tenderer shall also impose this condition on its subcontractors in respect of payments due to any sub-sub-contractors, if any.

Non – Collusion - Applicants will be required to complete the Non-Collusion certificate contained in the Technical Envelope within PCS-T.

Insurance Mandate - All successful suppliers will be required to sign an Insurance Mandate, which will be issued in conjunction with the award letter authorising the Council to request copies of insurance documents from the supplier's insurance provider. If the mandate is not signed and returned the Council reserves the right to request copies of insurance certificates from bidders at any point during the contract period.

Terms and Conditions are located within the Buyers Attachments area of the tender portal.

Request for Documentation: Once the Evaluation of Price and Quality has been completed, the recommended Bidder will be expected to provide all documentation as specified in the SPD. When the Request for Documentation is made, Bidders must supply the relevant information within 5 working days. Failure to provide this information within the specified time may result in your bid being rejected and the Council proceeding with the procurement exercise to the next appropriate bidder.

Additional information pertaining to this contract notice is contained within the Invitation To Tender and the SPD Statements document. Applicants must ensure they read these in line with this contract notice.

VI.4) Procedures for review

VI.4.1) Review body

Glasgow Sheriff Court

PO Box 23, 1 Carlton Place

Glasgow

G5 9DA

Email

glasgow@scotcourts.gov.uk

Telephone

+44 1414298888

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Glasgow City Council (“the Council”) must, by notice in writing as soon as possible after the decision has been made, inform all tenderers and candidates concerned of its decision to award the contract, conclude the framework agreement or establish a dynamic purchasing system. The Council must allow a period of at least the relevant standstill

period (where the notice is sent by facsimile or electronic means the period is 10 days ending at midnight at the end of the 10th day after that on which the last notice is sent, when sent by other means the period is 15 days) to elapse between the date of despatch of the notice referred to in Regulation 85(1) of the Public Contracts (Scotland) Regulations 2015 (“the Regulations”). The Council is obliged to comply with the Regulations and any eligible economic operator can bring an action in the Sheriff Court or the Court of Session where as a consequence of a breach by the Council, suffers or risks suffering loss or damage. The bringing of court proceedings during the standstill period means that the Council must not enter into the contract, conclude the framework agreement or establish the dynamic purchasing system unless the proceedings are determined, discontinued or disposed of; or the court, by interim order, brings to an end the prohibition. The bringing of court proceedings after the standstill period has elapsed and the remedies that are available to the courts are detailed in the Regulations. Economic Operators can write to the Council seeking further clarification on the notice, to which the Council must respond within 15 days. Economic Operators should be mindful to seek their own independent legal advice when they consider appropriate to do so.
