Recreation, culture and religion

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

New Museum Project - Past Time and Our Time Gallery: Large and Complex Object Mounts

Reference number

MOLPT005

II.1.2) Main CPV code

- 45212313 - Museum construction work

II.1.3) Type of contract

Works

II.1.4) Short description

The tender is for the procurement of a contractor to provide works/services responsible for contractor design, drawing co-ordination, fabrication, installation and testing of large and complex object mounts. The objects in question are museum related objects and thus of a unique nature. The works/services will need to be provided in the context of a wider and larger construction project but specific to galleries in relation to what will become a new museum in London. Further detail of the types of works required is detailed further in this notice.

II.1.5) Estimated total value

Value excluding VAT: £300,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45255400 - Fabrication work
- 39154100 - Exhibition stands
- 92521100 - Museum-exhibition services
- 45420000 - Joinery and carpentry installation work
- 45421150 - Non-metal joinery installation work
- 45422000 - Carpentry installation work

II.2.3) Place of performance

NUTS codes

- UKI31 - Camden and City of London

Main site or place of performance

Camden and City of London

II.2.4) Description of the procurement

The Large and Complex Object Contractor will be directly responsible for, but not limited to, the following:

1. Contractor Design Portion (CDP) of the Object mounts
2. Finalise exact dimensions for all scoped items.
3. Survey and measure of relevant museum objects prior to designing mounts and dry fit all objects to mounts with supervision from the Museum.
4. Develop and verify of all structural and support requirements of the object mounts, including for all structural engineering and calculations, ensuring sufficient structural strength. This also applies to structures that support the Contractor's works. To help inform these calculations the Contractor must obtain calculations from all other relevant other parties
5. Supply and install all fixing and securing of Objects mounts onto all existing and Exhibition structures.
6. Full co-ordination with the Past Time and Our Time Exhibition Principal / Main Works Contractor, drawings and information. As well as any other Contractor with any interface requirements
7. Obtain Design Team and Client comments and approvals for the Contractor drawings, any Technical Submittals and Specifications
8. Samples, mock-ups, prototypes for Oddy testing, aesthetics, and manufacture
9. Manufacture of Object mounts in accordance with the approved drawings and specification
10. Delivery and installation on-site in accordance with the programme and Principal Contractor requirements

11. Load Testing of Mounts and Load Testing of Mounts in situ secured to exhibition and existing structures.

12. "As built" final drawings

13. Production of Operation and Maintenance Manuals and any training requirements

14. All Works, requirements, and specifications are outlined in the Design Information Pack, and should be used to inform the full package of the Large and Complex Object Contractor Works.

15. Full compliance with the Pre-Construction and Construction Phase Health and Safety Information is a mandatory requirement.

16. The Large and Complex Object Contractor does not need to provide any welfare facilities, except any specific requirements they may have.

17. The Large and Complex Object Contractor is responsible for arranging and making their own deliveries in accordance with the Principal Contractor's system, overseeing unloading, and then transporting

materials and equipment to and from the Past Time and Our Time Gallery Sites.

18. The Large and Complex Object Contractor will be required to abide by both the Base Build Principal Contractor, the Past Time and Our Time Gallery Principal Contractor's site rules and protocols.

19. The Large and Complex Object Contractor is to recognise that a careful approach will be necessary to working in and around the building and protecting the building fabric and their own works for the

duration of their on-site period.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £300,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

15 July 2024

End date

4 June 2026

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 5

Objective criteria for choosing the limited number of candidates:

Please refer to the available Procurement Documents

II.2.10) Information about variants

Variants will be accepted: No
