Mayoral Combined Authority

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Market Engagement for the University of Peterborough Commercial Operator/
Development Partner requirements

Reference number

DN525918

II.1.2) Main CPV code

- 70332000 - Non-residential property services

II.1.3) Type of contract

Services

II.1.4) Short description

The CPCA are creating a new University Campus in Peterborough and are currently looking at how the Phase 2 Research & Development building will be operated and how a Phase 4 Research & Development Building may be funded and built along with whether there is any potential for a longer-term investment / development relationship with a potential operator/ investor/ contractor/ developer (which may be a consortia arrangement)

To support the development of the project, the CPCA is keen to engage with the market to understand how it might respond to these options and to ensure the selected route will deliver immediate and long-term commercial benefit to the project. As such the CPCA is keen to engage through two mechanisms - a market engagement webinar where we can share information on the project and the scheme aspirations and through a Request for Information Questionnaire.

The CPCA will be holding a supplier event on 15/03/2021 between 13:00 and 15:00 and requested that interested parties express a wish to attend through the e-tendering portal. A link to the event will then be shared the day before the event.

In addition, the CPCA has created a questionnaire covering some key points for which it would like market input; interested economic operators are invited to complete and submit the questionnaire through the messaging section of the e-tendering portal as soon as possible. Economic operators that attend the event are welcome to provide additional

feedback (also through the messaging section) up until the deadline for engagement.

In addition, the CPCA may ask additional questions, in response to completed questionnaires, throughout this consultation period through the e-tendering portal until the deadline for this stage; as such, in submitting a completed questionnaire; economic operators are required to mark as confidential and commercially sensitive any information or questions to which they require our response not to be a public one.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)
