II.2.4) Description of the procurement

PSAA is establishing a dynamic purchasing system from which to appoint auditors to audit the accounts (as per the Code of Audit Practice) of one or more eligible bodies that opt in to the appointing person scheme. Eligible bodies include local councils, combined authorities, police and crime commissioners, police, fire and crime commissioners, chief constables, fire and rescue authorities, waste authorities, passenger transport executives and national park authorities. Individual call-off competitions undertaken may be for either: one or more named audits, or for a volume of work where the eligible bodies are not named. The scope of each call-off competition will be described in its ITT documentation.

It is anticipated that the DPS may be used to procure an auditor appointment to an eligible body:

- when a new body requests to join the scheme, for example in the event of local government reorganisation, or if an existing body requests to join the scheme after the main procurement process is complete;
- where an existing auditor appointment from 2018/19 or 2023/24 needs to be replaced for reasons such as the identification of an independence conflict, the breakdown of auditor-audited body relationship, or as a result of a supplier's poor performance in line with agreed contract terms; and
- where one or more of the 2017 audit contracts is extended so we need to make auditor appointments from 2025/26.
