II.1.4) Short description

Broadacres is seeking to award a Responsive Repairs Contract ("Contract") to a single contractor covering a range of repairs for 404 properties, south of the A59 operational area. The Contract also includes works on voids/empty homes. The tender will be conducted as a competitive procedure with negotiation in compliance with regulation 29 of the Public Contracts Regulations 2015, following the issue of a prior information notice as a call to competition. This is due to the geographical dispersion of the housing stock, and the complexity of delivering a repairs service to such a relatively low number of units across the area. Broadacres will be seeking requests to participate from interested contractors with the completion of a selection questionnaire. Following assessment of requests to participate, Broadacres will shortlist a maximum of 3 contractors to be invited to submit initial tenders. Broadacres reserves the right to award the contract on the basis of the initial tenders without conducting negotiation. The cost model to be used for the responsive repair element is a price per property mechanism with a number of exclusions (detailed in section 4) and supported by the NHF Schedule of Rates (Version 7.2). The cost model for activity completed in void/empty homes will be the Voids Ordering Schedule (Version 7.2). Contract duration will be approximately 5 years (60 months). The estimated total value of the contract is approximately £2,000,000 (excluding inflation), with annual expenditure estimated as in the region of £400,000.

II.1.5) Estimated total value

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Broadacres will incorporate a minimum 10 calendar day (when using electronic means) standstill period at the point information on the award of the contract is communicated to tenderers. This period allows unsuccessful tenderers to challenge the decision to award the contract before it is executed/signed. The Public Contracts Regulations 2015 ('Regulations') provide for aggrieved parties who have been harmed or at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly and within the time limits as defined in the above regulations. Where a contract has not been entered into the court may order the setting aside of the award decision or order the contracting authority to amend any document and may award damages. If the contract has been entered into the court has the options to award damages and/or to shorten or order the contract ineffective.
