II.1.4) Short description

Established in 2004, Procurement for Housing (PfH) is a national procurement consortium dedicated to the social housing sector and supported by the National Housing Federation (NHF), Chartered Institute of Housing (CIH) and HouseMark. Collectively our Members manage more than 90% of UK' social housing stock, with PfH helping them to achieve efficiency savings using a wide range of services including framework agreements, dynamic purchasing systems, spend analyses, strategy reviews, consolidated billing and comprehensive reporting. PfH is a contracting authority under Regulation 2 of the Public Contracts Regulations 2015 ("PCR 2015") and a central purchasing body under regulation 37 PCR 2015.

Please refer to www.pfh.co.uk for additional information.

PfH is administered by Inprova Limited and is headquartered in the North West of England with over 20 years of expertise and experience offering a complete procurement solutions package across outsourcing, technology and consultancy. By integrating procurement services and technology, Inprova operates as a delivery partner, supporting business performance improvement for the public sector.

II.2.4) Description of the procurement

The first Social Housing Emerging Disrupters (SHED) Framework Agreement was launched in January 2022, comprising 18 innovative solutions. The aim was to create a framework of innovation permitting start-ups, small and medium sized businesses and the voluntary sector as well as established larger companies to offer their innovative products and services to the public sector. The second SHED framework (SHED 2) comprising a further 20 suppliers with a range of innovative solutions was launched in January 2023 and was shortlisted for the 'Innovation Procurement Project of the Year' Award by Built Environment Network. SHED 3 commenced in January 2024. SHED 4, comprising 17 solutions was launched in January 2025.

To reflect the emerging nature of innovation, a fifth SHED Framework (SHED 5) will be procured in Autumn 2025. The solution will enable PfH Members to procure a range of products and services that offer real and innovative benefit to the housing and wider public sector. The framework will provide successful suppliers with the opportunity to promote their innovation and will allow fledgling markets to test their true potential, providing the foundations for success and wider adoption across the public sector.

The Framework Agreement will operate on a national basis, providing an offering suitable for members of PfH in England, Wales, Scotland and Northern Ireland and other public bodies permitted to use the Framework Agreement. Suppliers will not be excluded for not being able to supply all regions.

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The current Energy Efficiency Standard in Social Housing 2 (ESSH2) framework is due to expire in November 2025. The Scotland Energy Efficiency Framework will be procured in 2025 to replace this framework.

It is anticipated that the future framework will be divided into lots, depending on the outcome of market engagement.

PfH wishes to engage with suitably experienced and qualified suppliers in order to support the development of the strategy for the replacement framework. Engagement with SMEs will be particularly welcomed, as well as with larger established companies.

Interested suppliers should contact the Planned Works Team at:
Plannedworks@pfh.co.uk

Market engagement will be conducted through a variety of channels which may include but

not be limited to one to one telephone or video calls, face to face meetings or wider supplier

engagement sessions.
