GGC0584 Endourology Disposable Products

Reference number

GGC0584

II.1.2) Main CPV code

- 33140000 - Medical consumables

II.1.3) Type of contract

Supplies

II.1.4) Short description

Endourology refers to a specific specialty area in urology in which small internal endoscopes and instrumentation are used to see into the urinary tract and perform surgery. What distinguishes endourology from traditional urology is that all procedures are done internally, without any extensive incisions. Endourology is also known as minimally invasive urologic surgery or laparoscopic surgery.

NHS Greater Glasgow and Clyde are tendering for the Disposable Products part of this product portfolio.
