Section VI. Complementary information

VI.3) Additional information

1. Any values stated are exclusive of VAT.
2. Any values stated (mandatory entries) in respect of individual contract awards or Lots are a duplicate of the entire Framework value because it is not possible to indicate the value of each award or Framework Lot. The total estimated value of the Framework over its term, however it may be spread across all of the Lots, is £1.8bn.
3. Economic Operator/Contractor addresses/locations stated refer to registered office addresses which may be different to their operational address for the purpose of works which may be delivered under the Framework.
4. The entry requirements of this award notice form necessitated that the 'number of tenders received' be entered per 'award of contract'. However one bidder and therefore each 'award of contract' may have been awarded a place on multiple lots as indicated. In these circumstances the 'number of tenders received' entered on this notice is the total number of tenders received across all lots awarded to that bidder. For clarity, below are the number of tenders received and framework places awarded per individual Lot tendered:

Lot 1 - 16 bids received - 9 framework places awarded

Lot 2 - 21 bids received - 9 framework places awarded

Lot 3 - 19 bids received - 9 framework places awarded

Lot 4 - 14 bids received - 8 framework places awarded

Lot 5 - 10 bids received - 8 framework places awarded

Lot 6 - 12 bids received - 8 framework places awarded

Lot 7 - 8 bids received - 5 framework places awarded

Lot 8 - 4 bids received - 3 framework places awarded
