VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement.

The types of bodies eligible to opt in are set out in schedule 2 of the LAAA 2014. A detailed list is available on our website. During a compulsory appointing period, a body that has previously decided not to opt in or newly established bodies can apply to opt into these arrangements.

Lot value is expressed in terms of the 'audited body notional value' (ABNV). This comprises the published scale fees for 2021/22 for opted-in bodies plus actual and estimated recurring fee variations for 2019/20 audits. Scale fees from 2023/24 will be published in November 2023 after the procurement and consultation with opted-in bodies in Summer 2023.

Bids will be expressed as a fixed proportion of the relevant ABNV. Lot values are estimated assuming a current annual audit value of £33m, but final values will depend on the number of opted-in bodies for 2023/24 onwards and the level of additional fees incorporated in scale fees. All values quoted are estimated and approximate values and may be subject to change.

Bodies will not be allocated to a Lot until the procurement is completed and the appointment consultation processes with opted-in bodies and suppliers have taken place. Auditor appointments will be made by 31 December 2022 for audit years from 2023/24.

For more information, please refer to PSAA's procurement strategy.

Potential bidders should seek independent legal and commercial advice in relation to the potential value of the opportunity of the scheme as a whole.

PSAA is holding two briefing sessions via Zoom from 10am-12pm on 16 February (contract terms overview) and 13 April 2022 (all ITT content). Any potential bidder wishing to attend must advise PSAA by confirming the names of attendees by noon on 15 February and 12 April 2022 respectively via Delta messaging.

Potential bidders should note that PSAA reserves the right to disqualify potential bidders where there is an actual or potential conflict of interest. Potential bidders will be required to complete and return the Conflict of Interest Declaration as part of its selection questionnaire response.

Expressions of interest in response to this contract notice may be submitted by a single bidder, a consortium or other form of joint working arrangement providing at least one constituent firm is individually registered with the ICAEW or going through the registration process. Where the bidder is a consortium of registered firms, PSAA reserves the right to require each member to accept joint and several liability to PSAA. Where a Potential Supplier is a sole supplier currently proceeding through registration, they must be accredited by 13th September 2022 to be awarded a contract.

Expressions of interest must be by way of completion and return of the selection questionnaire in accordance with the requirements set out in the selection questionnaire by the date and time specified in IV.2.2. Bidders are encouraged to submit their submissions well in advance of the stated date and time in order to avoid potential technical issues. Expressions of interest delivered after the date and time specified or to a different address, electronically or otherwise, may not be considered.

Please contact PSAA if you experience problems with the portal.

PSAA reserves the right not to award the opportunity or to award only part or a different arrangement of the opportunity described in this contract notice.

PSAA shall not be responsible or accept liability for any costs, charges or expenses incurred by a potential bidder, irrespective of the outcome of the procurement, or if the procurement is cancelled or postponed.
