Following an inspection by the Care Quality Commission, the independent regulator of health and social care in England, and subsequent issue of a Section 31 on the 19 January 2024; a notice of suspension for 3 months was issued by the Care Quality Commission to Minehead Medical Centre on Tuesday 23 January 2024 which came into effect from Wednesday 24 January 2024.

Due to suspension the ICB awarded a caretaker General Medical Services contract and NHS Standard Contract for the period of suspension with an option to extend up to 21 months if required to ensure the continued provision of General Medical Services to the population of Minehead. For clarity the contract duration is from 24/02/24 to 23/02/26.

This requires a longer contract term than 12 months to enable this work to be undertaken and reduce clinical risks associated with CQC findings. The extended time also enables the development of a comprehensive procurement approach with provider engagement. The intention is to go out to procurement during 2025/26 for a new contract to begin following the end of this contract.

The decision to award the contract was made by Executive Board of Directors at NHS Somerset ICB. This decision was ratified by the Primary Care Commissioning Committee on the 5 March 2024.
