- 60000000 - Transport services (excl. Waste transport)

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Yorkshire Purchasing Organisation (YPO) is a national public sector buying organisation delivering an array of frameworks to the public sector. YPO are currently developing a nationwide framework for the provision of specialist vehicles within the public sector, which will replace YPO's existing framework for specialist vehicles (960), due to expire in October 2023.

A framework can be considered as a procurement tool which compliantly connects suppliers with public sector organisations. There is no guarantee of work by virtue of being a supplier to a framework, however being an appointed supplier increases opportunities within the public sector.

YPO are keen to engage with suppliers in the market to support the development of our specialist vehicles framework and understand the importance of engaging with both users of the framework (public sector organisations) and suppliers to ensure the next iteration meets current and future market needs.

In particular, YPO would like to receive feedback from customers and suppliers in respect of the following services:

- Public sector customers including but not limited to local authority, emergency services, housing associations.
- Providers of vehicles to the market
- Technology solutions
- Any services considered additional to the above

Please note, the above list is not exhaustive and we welcome feedback in respect of services relevant to the public sector, but not listed above.

YPO are therefore looking for suppliers who would be interested in completing a short questionnaire and/or having a conversation with us. Please register your interest by contacting us at fleet@ypo.co.uk and we will share a copy of our Request for Information (RFI) document for your review and complete.

Please note that this information is being sought without prejudice and without commitment. Should YPO decide to take this project further, the completion of an RFI will not be part of that process nor will the information provided be used to determine the outcome of that process.

Should YPO wish to proceed with any supplier, a formal procurement process will be followed in accordance with YPO's contract procedure rules and relevant procurement

regulations.

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

This contract is subject to renewal

Yes

Description of renewals

There is a possibility that this framework will be subject to renewal after 3.5 years from the commencement date

II.3) Estimated date of publication of contract notice

5 July 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

YPO are purchasing on the behalf of other contracting authorities. Please see the below link

for details: <https://www.ypo.co.uk/about/customers/missible-users> .

YPO will incorporate a standstill period at the point of notification of the award of the contract

is provided to all bidders. The standstill period will be for a minimum of 10 calendar days, and

provides time for unsuccessful tenderers to challenge the award decision before the contract

is entered into. The Public Contracts Regulations 2015 provide for aggrieved parties who

have been harmed or are at risk of harm by a breach of the rules to take action in the High

Court (England, Wales and Northern Ireland)
