## Section II: Object

### II.1) Scope of the procurement

#### II.1.1) Title

EEV Multiple Requirements

#### II.1.2) Main CPV code

- 71500000 - Construction-related services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

The new Energy Efficiency Voucher (EEV) will launch in 2025, and grant £400 million to households in England to make energy efficiency retrofits. Multiple requirements across a range of services will be procured in relation to this.

#### II.1.5) Estimated total value

Value excluding VAT: £45,000,000

#### II.1.6) Information about lots

This contract is divided into lots: Yes

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

We are in the early stages of developing the commercial requirements, so haven't determined strategies for lotting or disaggregation, or if the Authority will be procuring under multiple separate procedures.

### II.2) Description

#### II.2.1) Title

Energy Efficiency Voucher (EEV) Multiple Requirements

Lot No

N/A

### **II.2.2) Additional CPV code(s)**

- 09300000 - Electricity, heating, solar and nuclear energy
- 45262640 - Environmental improvement works
- 71314310 - Heating engineering services for buildings
- 71315200 - Building consultancy services
- 71315210 - Building services consultancy services
- 71500000 - Construction-related services
- 71520000 - Construction supervision services
- 71521000 - Construction-site supervision services
- 71530000 - Construction consultancy services
- 71540000 - Construction management services
- 71541000 - Construction project management services
- 72000000 - IT services: consulting, software development, Internet and support

- 72224000 - Project management consultancy services
- 72316000 - Data analysis services
- 90710000 - Environmental management

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

### **II.2.4) Description of the procurement**

The purpose of this Prior Information Notice (PIN) is to alert prospective suppliers that the Department for Energy Security and Net Zero (DESNZ) is commencing market engagement in relation to multiple requirements across a range of services including:

- Grant administration (counter-fraud, customer care, payment processing);

- Digital services;
- Consultancy;
- Domestic energy efficiency assessments; and
- Energy efficiency measure installations.

DESNZ are in the early stages of designing a scheme provisionally titled the Energy Efficiency Voucher (EEV). EEV will be a three-year domestic retrofit scheme with £400m of government funding, open to homes in England. The department expects to award the contract for the scheme administrator in 2025.

Due to the early stage of scheme design, DESNZ is seeking to engage with a broad array of relevant parties, including those within the construction/retrofit industry and the grant/fund administration sector. The department will subsequently use the engagement to support the shaping of the delivery model and specification of the services.

During the life of this PIN, we anticipate engaging with the market on multiple occasions covering the above requirements, using a variety of engagement methods including requests for information, 1-1s, focus groups and industry days.

For further details please contact: [EEV@energysecurity.gov.uk](mailto:EEV@energysecurity.gov.uk) indicating which of the above elements you are interested in along with your contact details. Alternatively, you can complete the form below:

<https://forms.office.com/e/nS2bDyjQ93>

To note:

The Department reserves the right to further shortlist from the list of interested parties for the purposes of engagement.

Details in relation to this PIN are subject to change and do not represent a commitment from DESNZ to procure any of the above service.

### **II.3) Estimated date of publication of contract notice**

1 September 2025

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes
