Section II: Object

II.1) Scope of the procurement

II.1.1) Title

1.2 kW XAFS Spectrometer

Reference number

ITT21-004

II.1.2) Main CPV code

- 38433000 - Spectrometers

II.1.3) Type of contract

Supplies

II.1.4) Short description

The University is looking to establish a facility for use by internal and external users (both academic and industrial) for X-ray absorption spectroscopy, with a specific focus on catalysis and energy materials. We are looking to purchase a lab based Rowland-circle spectrometer system (including source) for transmission-mode XAFS operations at 5 - 12 keV.

To express an interest please go to:

<http://events.transaxions.com/service.aspx?event=6820>

II.1.5) Estimated total value

Value excluding VAT: £300,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKC1 - Tees Valley and Durham

Main site or place of performance

Durham City

II.2.4) Description of the procurement

The University is looking to establish a facility for use by internal and external users (both academic and industrial) for X-ray absorption spectroscopy, with a specific focus on catalysis and energy materials.

We are looking to purchase a lab based Rowland-circle spectrometer system for transmission-mode XAFS operations at 5 - 12 keV, with a minimum 1.2 kW x-ray tube source, and evidence of being able to perform XANES and EXAFS in academic use case application such as

energy materials (batteries) and heterogeneous catalysis, including appropriate power supplies, analysers (spherically bent crystals) and detectors (SSD type). The instrument is to be housed in facility including equipment for catalysis studies and energy materials applications.

To express an interest please go to:

Precise information on deadline(s) for review procedures

This authority will incorporate a minimum 10 calendar day standstill period at the point information on the award of the contract is communicated to tenderers. The communication

will be in the form of a letter which will be issued electronically. The letter will provide a full debrief and contact details should a tenderer wish to appeal the decision.

The timescale for appeals will be detailed in the letter. If an appeal regarding the award of

a contract has not been successfully resolved the Public Contracts Regulations 2006 (SI 2006 No 5) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).

Any such action must be brought promptly (generally within 3 months). Where a contract has not been entered into the court may order the settling aside of the award decision or order the authority to amend any document and may award damages. If the contract has been entered into the court may only award damages.
