II.2.14) Additional information

Please note Stafford Borough Council, Cannock Chase District, South Staffordshire Council and Staffordshire Police and Staffordshire Fire and Rescue Service are not responsible for this procedure, they are a named organisation who may call off from the Framework.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.3) Technical and professional ability

List and brief description of selection criteria

Staffordshire County Council require its successful Supplier to have ongoing 3rd party accreditations which meet the following requirements during the term of the Framework:

To have a compliant Health & Safety accreditation performed by a Safety Schemes in Procurement ('SSIP'). For more information refer to the link <https://SSIP.org.uk/members/#>

Valid and compliant member of an independent pre-qualification accrediting body. For example, Constructionline (accredited to a minimum membership level of 'GOLD') or other equivalent bodies, offer such a service.

Note 1 - the accrediting bodies must allow for annual refreshes/vetting of the Supplier in the areas above

Note 2 - where brand names are mentioned, the Authority will consider equivalents

Note 3 - evidence of the above accreditations MUST be provided to the Authority by successful Supplier prior to Contract Award

PAS91 C4: Health and safety: policy and capability or provide an exemption (details provided in the Questionnaire).

In addition, Suppliers will be required to satisfy the County Council that the work will be undertaken by a minimum of four trained members of staff (directly employed or sub-contractors) and must be able to evidence their competency for the equipment they are working on by means of (where applicable):

1: Written confirmation of adequate M&E training and qualifications, preferably including British Water wastewater training courses or similar.

2. Written confirmation of certificates of competency from the principal manufacturers of sewage treatment equipment in the UK to the effect that the Contractor's staff have received adequate training. The Contractor will be required to provide evidence that regular training sessions are held to ensure that supervisors and operatives are continually up-dated

in safe working practices, new legislation, and to improve general efficiency.

3. Details of the servicing staff including numbers, trade, and level of expertise. All servicing staff shall be able to demonstrate a detailed working knowledge of sewage plant, pumps, relevant Codes of Practice, Building Regulations, Local Bye-laws, Water Regulations.

4. Staff must have a thorough knowledge of the implications and significance of the 17th or 18th Edition of the IEE Regulations, and of test procedures necessary to identify inadequacies of operation, unsafe conditions and unauthorised alterations which constitute potential hazards. All personnel working on 3 phase equipment must be suitably qualified to do so. A minimum of two is required on this agreement.

5. The Contractor or their subcontractor shall be a member of NICEIC, ECA or approved equivalent.

6. All staff must have undertaken asbestos awareness training within the past 12 months accredited by UKATA, IATP or equivalent.

7. All staff must evidence recent training for working at heights (within 5 years).

8. Be qualified and competent to demonstrate an understanding of safe working in medium risk confined spaces. The course must contain a practical training element.

Any personnel utilised on this contract must have an Enhanced DBS check

PLEASE REFER TO THE PROCUREMENT DOCUMENTATION FOR MORE DETAIL
