Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The non exclusive contract will be awarded to the supplying organisation due to the fact that no other UK source of supply is available that has the support and direct supply from the Original Equipment Manufacturer. The only alternative source would be to buy directly from Honeywell in Germany who do not carry shelf stock of the associated parts and only make to order, thus significant lead times apply which can hinder NGN in the delivery of its objectives.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
