Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Waste Management Service

Reference number

2526-06-FDR-OA

II.1.2) Main CPV code

- 90511000 - Refuse collection services

II.1.3) Type of contract

Services

II.1.4) Short description

Sheffield Hallam University disposes of approximately 800 tonnes of waste each year, making waste management one of the University's most significant environmental

impacts.

Effective waste management is a core commitment within the University's Environmental Policy.

The awarded contract supports the University's commitment to:

Apply the waste hierarchy across all waste streams

Prioritise Reduce, Re-use, and Recycle

Minimise environmental harm from waste disposal

Progress towards a zero waste to landfill position

The contract ensures that waste services are delivered in a manner that aligns with the University's sustainability objectives, regulatory requirements, and continuous improvement in environmental performance.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £560,000

II.2) Description

II.2.1) Title

General Waste

Lot No

1

II.2.2) Additional CPV code(s)

- 90511000 - Refuse collection services

- Solvent waste halogenated and non-halogenated
- Clinical waste

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: Yes

Description of options

2+1+1

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority

Explanation:

The contract was awarded without prior publication in the Official Journal of the European Union or the Find a Tender Service to ensure continuity of critical waste management services within a time-constrained operational environment. Any delay would have created immediate operational, environmental, and compliance risks. The chosen route secures the only framework supplier with established local operations and facilities in Sheffield, enabling rapid mobilisation, reduced transport distances, lower carbon emissions, and value for money, while ensuring Sheffield Hallam University meets its legal, financial, and environmental obligations.

Veolia is the only supplier available under the framework capable of meeting the University's locality, capacity, and timing requirements, including access to local treatment, landfill, and disposal facilities. The framework was established in accordance with the Public Contracts Regulations 2015 (PCR 2015), and Regulation 33(8)(a) permits call-off without further competition. The direct award was therefore necessary, proportionate, and lawful to meet time-critical service requirements.

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract

Title

Waste Management Service

A contract/lot is awarded: Yes
