Housing and community amenities

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Housing Multi-trade

Reference number

DN527671

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Successful contractors will be effectively 'subcontracting' to LBS, in order to compliment operational resources to meet service demand peaks and / or specialist requirements. The works will consist of the repairs and maintenance, void and planned works to individual properties from the council's housing stock. On the existing East contract, on average 500 orders per annum are passed to our multi trade contractors. The type of works range from minor works on Responsive Repairs to full Void refurbishments. The maximum value of one order could be up to £10,000.

Where similar planned or 'grouped' work is required to a number of properties, and can be carried out as an individual programme of work, Leeds City Council and may be obliged to complete a separate procurement exercise / competition to establish a contractor to complete those works. Leeds City Council and LBS do not guarantee any volume of work as the scope of work is always subject to alteration dependant on demand for services Sub-contractors will be required to undertake a variety of works in isolation to individual properties, or multiple items to individual properties.
