II.1.4) Short description

The main purpose of this framework is for the provision of Teleradiology and Specialised Reporting Services.

Services offered under this Framework will meet the highest industry standards, supporting Contracting Authorities with the current and future day-to-day activities in respect of the requirements for the provision of Teleradiology and Specialised Reporting Services.

The key benefit and driver for this framework, is the services will offer a cost effective, value for money solution, utilising suitably qualified and skilled personnel to deliver radiology reporting, image interpretation, and support services to Contracting Authorities to facilitate their requirements; to increase their capacity and/or hit both short-term and long-term service targets.

This framework will be comprised of 3 Lots:

Lot 1 - Teleradiology Reporting Services (Outsourced and AI Assisted)

Lot 2 - Targeted Lung Checks

Lot 3 - Managed Service

The framework is for the benefit of existing and emerging organisations during the life of the Contract and is intended to support Relevant Authorities when procuring such services. Relevant authorities as follows:

- NHS England
- Integrated care boards (ICBs)
- NHS trusts and NHS foundation trusts
- Local authorities and combined authorities.

This framework is not accessible by Authorities in Wales, Scotland and Northern Ireland.
