II.1.4) Short description

Selly Park Girls' School is known for its high expectations, academic success, first-class education and its innovative approach. Their vision and values underpin all that they do. The most effective education is achieved when parents and teachers work together in a genuine partnership which results in all pupils being proud of their personal achievements and their school. By working together they ensure that all students enjoy their time at school, make excellent progress and leave as confident learners with the necessary skills and attitudes to lead successful and fulfilling lives.

Selly Park Girls' School believe that everyone has unique talents and is capable of leading and making contributions to their school, local community and the wider world. Whilst they provide a broad and balanced curriculum that ensures progression in traditional subjects, they also offer many creative and more practical-based opportunities for their students and staff to explore their diverse world and the people who inhabit it.

They recognise the individual contributions and successes of their students and staff as they encourage personal self-worth, leadership and responsibility. Their positive, encouraging culture carries them on a wave of ambition and excitement. The school ethos is felt as you walk around and meet the staff and pupils; everyone feels valued and knows the difference that they make to their school.
