#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

The Council are commissioning Care in the home services including a Carers home and community respite service across Staffordshire for Carers who have been assessed as having support needs. Respite Care and support enables Carers to take a break from their caring role and evidence suggests that this can help to achieve positive health, wellbeing and quality of life outcomes for Carers. Fewer Carers experienced mental health problems if they had taken a break since beginning their caring role. The purpose of Care in the home and Carers home and community respite Services are to enable Service Users to remain in their own homes, living as independently as possible and to achieve and maintain their autonomy, independence, personal identity and assessed outcomes. This Procurement is a 'flexible Platform Agreement' which will be commissioned under the Light Touch Regime (implemented through Regulations 74-77 of the Public Contract Regulations 2015).
