I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

COP26 - Visions for a Net-Zero Future

Reference number

4807/12/2020

II.1.2) Main CPV code

- 73000000 - Research and development services and related consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

Visions for a Net Zero Future is a project led by the Department for Business, Energy and Industrial Strategy (BEIS) and aims to contribute to a successful UK Presidency of COP26.

This project will develop a series of country/regional-specific Visions that bring to life the scientific evidence on different global pathways to a net zero future, exploring science and innovation solutions and the co-benefits and trade-offs.

These Visions will be developed in virtual workshops by regional stakeholders, including technical and non-technical. These workshops will outline the scientific and engineering evidence and opportunities in different future scenarios and involve discussions on the different perspectives, priorities and trade-offs, with the aim of developing a collective Vision of the future.

These Visions will be translated into high-impact, engaging and creative visualisations to support engagement ahead of, and at, COP26.

II.1.5) Estimated total value

Value excluding VAT: £300,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 73200000 - Research and development consultancy services

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

This invitation to Tender (ITT) is seeking a supplier to deliver the alpha phase (prototyping and testing) of the Energy Data Visibility Project (EDVP). The EDVP aims to develop a service that:

- Increases the visibility of energy system metadata (a description of the attributes of a dataset), by listing metadata centrally, to an agreed standard;
- Provides a mechanism for missing/closed data to be requested by energy system participants;
- Provides direct access to data that is open to the user;
- Allows data users to provide feedback on the quality of data and;
- Collects service analytics

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £300,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

12 April 2021

End date

1 January 2022

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents
