## **Joint Equipment Maintenance Management Application**

Ministry of Defence

F16: Prior information notice for contracts in the field of defence and security

Notice identifier: 2022/S 000-003651

Procurement identifier (OCID): ocids-h6vhtk-0314de

Published 8 February 2022, 10:45pm

### **Section I: Contracting authority/entity**

#### **I.1) Name, addresses and contact point(s)**

Ministry of Defence

SCIS Elm3b #4342 MOD Abbey Wood, Bristol BS34 8JH

Bristol

#### **Contact**

Nick Clarke

#### **For the attention of**

Nick Clarke

#### **Email(s)**

[nick.clarke425@mod.gov.uk](mailto:nick.clarke425@mod.gov.uk)

#### **Country**

United Kingdom

**Internet address(es)**

**General address of the contracting authority/entity**

<https://www.gov.uk/government/organisations/defence-equipment-and-support>

**Address of the buyer profile**

<https://contracts.mod.uk/esop/guest/go/opportunity/detail?opportunityId=51826>

**Further information**

Further information can be obtained from the above mentioned contact point(s)

**I.2) Type of the contracting authority**

Ministry or any other national or federal authority, including their regional or local subdivisions

**I.3) Main activity**

Defence

**I.4) Contract award on behalf of other contracting authorities/entities**

The contracting authority/entity is purchasing on behalf of other contracting authorities/entities:

No

---

## **Section II: Object**

### **II.1) Title attributed to the contract by the contracting authority/entity:**

Joint Equipment Maintenance Management Application

### **II.2) Type of contract and location of works, place of delivery or of performance**

Services

Service category No 3: Defence services, military defence services and civil defence services

#### **Main site or location of works, place of delivery or of performance**

United Kingdom

#### **NUTS code**

- UK - United Kingdom

### **II.3) Information on framework agreement**

The notice involves the establishment of a framework agreement: Yes

### **II.4) Short description of nature and scope of works or nature and quantity or value of supplies or services**

Joint Equipment Maintenance Management Application (JEMMA) will provide the MOD with an Engineering & Asset Management (E&AM) Management Information Systems (MIS) capability.

JEMMA will be utilised to record and manage upwards of 1.6M Defence assets across the Land, Maritime and Air environments and will utilise and exploit the current database of 37 terabytes of equipment data, which includes information on 7,500 different types of equipment including over 80,000 vehicles.

JEMMA will support the Ministry of Defence (MOD) in demonstrating compliance to the National Audit Office (NAO) against numerous legal and safety obligations. It will also support the acquisition lifecycle to enable planning for; the procurement, through-life management, and disposal of MOD equipment. It will enable MOD users to issue, receive, schedule, utilise, inspect, repair, modify and configure equipment by exploiting the digital

E&AM capabilities. The capability will facilitate the planning of fleet rotations, to manage safety cases and provide maintenance data to Defence partners.

JEMMA will deliver a capability that is available globally to Defence users and that is interoperable with existing and new defence systems. The solution will need to comply with MOD standards and policies for digital integration, e.g. quality, safety, security, cyber etc.

There is a requirement for the JEMMA solution to be supported by an accredited digital training solution which minimises the burden on the user, irrespective of the user's location.

A key aspect of the JEMMA delivery will be the migration of MOD data from the current E&AM MIS solution to the JEMMA solution. The solution must be robust as it is expected that JEMMA will accommodate more than 20M transactions per month.

Procurement Timescales & Contract Value. The Authority anticipates issue of Contract Notice in March 2022 with the issue of an invitation to negotiate in August 2022. The current estimated value range of the Contract is between £20M-£100m (cat C).

## **Lots**

This contract is divided into lots: No

## **II.5) Common procurement vocabulary (CPV)**

- 72320000 - Database services

### **Additional CPV code(s)**

- 48430000 - Inventory management software package
- 48451000 - Enterprise resource planning software package
- 48610000 - Database systems
- 48612000 - Database-management system

---

## **Section VI: Complementary information**

### **VI.1) Information about European Union funds**

The contract is related to a project and/or programme financed by European Union funds:  
No

### **VI.2) Additional information**

1. Title: Joint Equipment Maintenance Management Application (JEMMA).

2. Object of the Prior Information Notice:

Contracting Authority's contract reference - 701575652

Short Description: Joint Equipment Maintenance Management Application (JEMMA) Management Information System (MIS).

3. Update

On 29 September 2021 the Ministry of Defence (MOD) held an Industry Day to present information on the forthcoming JEMMA competition. Further to the Industry Day, the MOD held a series of one to one engagements with Industry partners to discuss the capabilities available in the market. We thank everybody who provided us with feedback at these events.

In accordance with the feedback, the MOD is reviewing the requirement for JEMMA, and the potential to expand this to deliver a more transformational and enduring solution which may become a key component of the MOD's Engineering Through Life Support (ETLS) requirement that better meets the needs of the military users and delivers improved value for money for Defence.

As a consequence, the Contract Notice to be published in January 2022 has been delayed subject to completion of this review of the JEMMA requirement and procurement strategy. We currently anticipate that the Contract Notice and associated PQQ will be published no later than 31 March 2022 on the Defence Sourcing Portal (DSP). Further notifications will be issued via [www.contracts.mod.uk](http://www.contracts.mod.uk) and the JEMMA Opportunities Notice - <https://contracts.mod.uk/esop/guest/go/opportunity/detail?opportunityId=51826>

Thank you for your interest and continued patience with regards to this opportunity. If you have any questions please direct them to [DesScis-jemma-comrcl@mod.gov.uk](mailto:DesScis-jemma-comrcl@mod.gov.uk).
