Section I: Contracting authority

I.1) Name and addresses

Sellafield Limited

Calder Bridge

Seascale

CA20 1PG

Contact

Ian McKie

Email

ian.mckie@sellafieldsites.com

Country

United Kingdom

Region code

UKD11 - West Cumbria

National registration number

1002607

Internet address(es)

Main address

<https://www.gov.uk/government/organisations/sellafield-ltd>

Buyer's address

<https://www.gov.uk/government/organisations/sellafield-ltd>

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

The Sample Management Capability (SMC)

Reference number

C17908

II.1.2) Main CPV code

- 45200000 - Works for complete or part construction and civil engineering work

II.1.3) Type of contract

Works

II.1.4) Short description

This PIN is intended to give the supply chain the opportunity to register their interest in attending a Market Sounding Event, to be held on 22nd Feb. at 09:00 over Microsoft Teams, where SL will present an outline of the procurement including their initial view of the building requirements, the potential procurement and contracting strategies. Following the presentation by SL the participants will have the opportunity to participate in a Q&A session.

Following the Market Sounding Event it is the intent the SL will initiate a Technical Dialogue process where we will seek input from the Supply Chain to support the development of the procurement and contracting strategies.

II.1.5) Estimated total value

Value excluding VAT: £10,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description**II.2.2) Additional CPV code(s)**

- 44211100 - Modular and portable buildings

II.2.3) Place of performance

NUTS codes

- UKD11 - West Cumbria

Main site or place of performance

UK

II.2.4) Description of the procurement

The Sample Management Capability (SMC) is a design and build project for a new analytical facility to screen and process Low Active (LA) and Very Low Active (VLA) samples prior to dispatch into the supply chain for further analysis, where the SMC facility

is required to be operational as soon as is reasonably practicable.

The facility will be required to provide the following capabilities: to receive samples; bulking, sub-sampling, screening and preparation; analysis of quick turnaround samples, waste handling and disposal; sample storage, packaging and dispatch; and emergency response.

The initial assumption is that the building gross floor area will be less than 1,000m² and the scope may include the following:

- Building Fabric (Modular Building)
- All internal fit out
- Provision of laboratory equipment e.g.
- 10-12 Fume Cupboards
- C3 Extract Ventilation System
- Whole building HVAC – Air Source Heat Pumps
- Laboratory analysis equipment
- Acidity, Alkalinity, pH, Iron, Alpha, Beta, Gamma
- All internal building services up to connection points
- Integration of existing site Labware Laboratory Information Management System (LIMS)
- Changerooms and welfare facilities
- Sample and consumables storage
- Sample import / export facilities
- Waste dispatch facilities

II.2.14) Additional information

Suppliers need to register an interest on ATAMIS please go to the Sellafield Web Site and look for How to Do Business with Sellafield this will give you the option register on Atamis

II.3) Estimated date of publication of contract notice

2 February 2024

Section IV. Procedure

IV.1) Description
