DfE - Project Gigabit Consultancy

II.1.2) Main CPV code

- 71316000 - Telecommunication consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

The UK Gigabit Programme is the UK Government's £5bn programme to deliver 'lighting fast, reliable broadband to all premises in the UK'. The UK Government has set a target to deliver gigabit capable infrastructure to a minimum of 85 percent of premises by 2025, and all premises 'as soon as possible'. Northern Ireland is well placed to lead the rest of the UK in terms of access to gigabit capable broadband, building on momentum created by considerable commercial and public investment in broadband infrastructure. The purpose of this consultancy assignment is:

- Outline Business Case (OBC) – develop an OBC for Project Gigabit in line with the Better Business Cases NI Five Case Model. The OBC will undertake a detailed assessment of value for money, affordability and achievability including a full economic appraisal and other key management information. The OBC will be used to inform any investment decision and provide evidence if the project can proceed to procurement.
- Pre-procurement - support the development of the procurement process including advice on draft contract documents and ITT documentation. The Contractor will provide the necessary and appropriate technical, financial and economic support and advice to assist DfE in the development of the technical and financial specification requirements for this project.
- Procurement - advise on evaluation of bids. The Contractor will be required to assist with the evaluation of the technical and financial aspects of submitted bids against the technical and financial specification and criteria.
- Full Business Case (FBC) - the Contractor will be required to provide the necessary economic support to develop and complete the Full Business Case for the project in line with the Better Business Cases NI Five Case Model, leading to contract award.
- Implementation phase of broadband contract - provide specialist technical and financial advice during the implementation of a contract.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £498,552

Total value of the contract/lot: £498,552

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

The UK does not have any special review body with responsibility for appeal/mediation procedures in public procurement competitions. Instead; any challenges are dealt with by the High Court, Commercial Division, to which proceedings may be issued regarding alleged breaches of the PCR 2015 as amended

United Kingdom

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

CPD complied with the Public Contracts Regulations 2015 and incorporated a standstill period (i.e. a minimum of 10 calendar days) at the point information on the award of contract was communicated to tenderers. That notification provided full information on the award decision. This provided time for the unsuccessful tenderer to challenge the award decision before the contract was entered into..
