#### **II.1.4) Short description**

Monmouthshire County Council is seeking to commission an experienced organisation to provide semi-independent supported lodging support to Young People with complex support needs within Monmouthshire.

The service will support a maximum of five (5) young people at any one time, who will be aged sixteen (16) to twenty-four (24) and who have varying support needs, some of which will be complex. The Council aims for each young person to step down to other suitable accommodation by the age of eighteen (18) when safe and appropriate to do so.

For the avoidance of doubt, this service is not a regulated service and does not require registration with the Care Inspectorate Wales (CIW) or Social Care Wales (SCW ).

The Service Provider understands young people may be looked after by the Council, or maybe care leavers. The service will aim to help offer a stable, consistent environment, so that the young people can be encouraged to build their independent skills. This will enable them to reflect and make appropriate choices for their future, enabling them to live independently and successfully within the community.

The support provided will aim to help young people to develop life skills that will enable them to live independently or move on to new settings in ways consistent with the principles of the Social Services and Wellbeing (Wales) Act 2014.

The support offering will be person centred, outcome focused, trauma informed and will aim to build the young people's skills to support successful transitions into independent living. This will be provided via a dedicated supported accommodation pathway with wrap-around trauma informed support.

Support will be designed and delivered to support the young people to build resilience, promote independence, develop or sustain their capacity to live in their own accommodation and achieve increasing levels of independence.

The aim is not to just provide a young person with a home but to ensure they have a healthy transition into adulthood. This will be underpinned by a suitably trained and competent staff team who will deliver trauma informed support which will include structured diversionary and engagement activities.

Monmouthshire County Council will hold a virtual market engagement event to understand the level of potential interest that exists in the market, your views about what can be delivered, and timescale for setup. Details of the event will be confirmed in response to expressions of interest.

Deadline for expressions of interest is the 11th March 2024 at 12 noon.
