General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Residual Waste Disposal

Reference number

DN528956

II.1.2) Main CPV code

- 90000000 - Sewage, refuse, cleaning and environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

The Council has issued a Prior Information Notice (PIN) in order to raise awareness of the contract and to give interested parties the opportunity to participate in a soft market exercise in relation to a possible future public procurement to award a contract for Residual Waste Disposal. The PIN is intended to give interested parties the opportunity to participate in a market engagement event prior to the commencement of a procurement process under the Public Contracts Regulations 2015.

BCP Council requires a solution for residual waste treatment and/or disposal from the legacy council areas of Bournemouth and Christchurch. The waste sources are from kerbside domestic rounds, trade, street and beach litter.

BCP Council is undertaking a period of pre-market engagement to discuss residual waste treatment/disposal options, delivery to site (either direct or through a local transfer station). Our sustainability obligations and suppliers' preferred facility/technology along with any contingencies will also be discussed.

The new waste treatment and disposal solution(s) must be in place by 1 September 2021 and will be for a minimum of three years, although there is likely to be extensions. Interest parties should be aware of the very tight timetable in place which means that there will be a brief period between contract award and service commencement. The estimated annual contract sum is £5.5m per annum.

The approximate amount of residual waste that requires treatment/disposal is 48k tonnes (41k tonnes are derived from Bournemouth and 7k tonnes from Christchurch). This is according to full year data from the financial year 2019-2020. The Council is currently assessing any options for dividing the total into lots due to the waste originating from two different areas and the amounts being produced.

BCP Council declared a climate and ecological emergency in 2019, committing the organisation to be carbon neutral by 2030, and the BCP area by 2050. This contract could play a large part in working towards those objectives. Therefore, final destinations of waste are of interest but as yet no single type of treatment/disposal is ruled out. Additionally, if waste cannot be directly delivered then a transfer station within or close to the BCP Council area could be explored.

II.1.5) Estimated total value

Value excluding VAT: £40,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKK2 - Dorset and Somerset

II.2.4) Description of the procurement

II.2.14) Additional information

Interested parties can express an interest in the opportunity through the Council's eTendering website; www.supplyingthesouthwest.org.uk (ProContract). Details around participating in the pre-market engagement exercise can be found on ProContract. If your company would like to attend a market engagement meeting with the Council, please raise a Message through ProContract so a date can be arranged.

The Council is intending to hold virtual market engagement meetings between 1 and 5 March 2021. Interested parties who would like a virtual meeting, should express their interest in this opportunity and then send a message through the Messaging feature of ProContract indicating their preferred day. A maximum of 2 attendees from each organisation is permissible and the Council will be using Microsoft Teams, which suppliers will be able to download as guests. A list of questions for discussion will be sent prior to the meeting.

II.3) Estimated date of publication of contract notice

30 April 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section VI. Complementary information

VI.3) Additional information

This Prior Information Notice is not a call for competition and no contract(s) will be awarded at this stage. A Contract Notice advertising the procurement may be placed in due course.

The Council reserves the right not to proceed with the planned public procurement exercise.

Interested parties should note that they are responsible for their own costs in participating in this pre-market engagement exercise and the Council shall in no event, be responsible for any costs of any party.
