Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

List and brief description of selection criteria

Please refer to Part 4 B Economic and Financial Standing of the SPD

The College will use the following ratios to evaluate a bidder's financial status.

Bidders must confirm within their response to the relevant question within the 'Qualification envelope' that as a minimum, 2 out of the 3 ratios can be met and what the value of each ratio is.

The 3 ratios to be evaluated are:

Profitability - this is taken as profit after tax but before dividends and minority interests. If a company makes a profit then it is a pass for this ratio;

Liquidity - this is calculated as current assets less stock and work in progress, divided by current liabilities. If the answer is greater than or equal to 'one' then it is a pass for this ratio;

Gearing - this is calculated as the total external secured borrowing (short term and long term) divided by shareholder funds expressed as a percentage. If the answer is less than or equal to 100% it is considered a pass for this ratio.

Minimum level(s) of standards possibly required

2 out of the 3 financial ratios requires a pass in order for the question to pass.
