Website delivery

- Conception, design, development of existing and new digital pages/sites
- Hosting of Brand hub and Brand policy
- Ongoing maintenance of site, including updating pages and building of new pages, adapting

the site for user needs

- Services site for both internal (staff) and external (agencies/third party partners) audience with asset distribution
- Immediate response to systems issue/errors/changes

Brand templates development

Using Brand guidelines to design, create and deliver on brand assets and templates for OU colleagues and partners

- Build and maintenance of Microsoft Office suite templates, finely tuned to maximize productivity and brand consistency to be used by a broad range of OU stakeholders with built in guidance, preset fonts, colours, brand elements and data-linked elements.

Online & offline creative assets

- Using Brand guidelines to design, create and deliver on brand assets and templates for OU colleagues and partners
- Assets include videos, animations, illustrations; printed assets; graphic files in multiple formats. (e.g. Designing doordrop leaflet; suite of social media animated videos; ezines; openlearn content projects; digital banners; resizing outdoor artwork; brochures; leaflets; building vinyl; pull-up banners; event stand collateral)

Brand asset management

- Safely store and make maintain Brand assets on both the Asset bank and on servers to service Brand guidelines
- Full knowledge of use of Brand guidelines and brand assets

Brand guidelines & web toolkits

- Creation of multiple brand toolkits and online guidelines with cross-linking to the OU asset bank
- The Asset bank is used by both internal and external users for obtaining up to date Brand assets, brand images and case stories
- The Asset bank tracks user download details and asset usage

Host Brand guidelines

- Maintain guidelines - add new pages, action updates, input to development to ensure we are leading with the best technology and for easy user experience.

Problem-solving and systems support

- Intricate problem-solving within the digital environment, encompassing the rapid deployment of complex solutions that leverage new technologies to address any challenges

posed.

- Provide technical support to enhance the online offering to OU users

- Provide new solution and technology to enhance the user experience and host the complicated web infrastructure

End-to-end technical support

- Provide solutions and recommendations for best practice/best use of system
 - Immediate response to critical issues/queries
 - Immediate response to urgent/business critical changes that need to be implemented
- Accessibility enhancement
- Rigorous adherence to the latest accessibility standards, including WCAG 2.1 AA, with indepth conformance reviews and comprehensive audits, ensuring a frictionless experience for users of all abilities across all media such as templates, guidelines and websites.
 - Ensure the site is fully compliant with OU and industry accessibility guidance
 - Knowledge and experience of accessibility requirements for digital and offline users
