II.1.4) Short description

Bath and North East Somerset, Swindon and Wiltshire Clinical Commissioning Group (BSW CCG) are seeking an organisation that can provide 4 crisis beds within a 24-hour support and accommodation service for individuals in mental health crisis. This service must be recovery-based, non-clinical, 24-hour, and in a community setting.

The mental health pathway is reliant on step up / step down accommodation. This supports patient flow and reduces high cost spend on length of stay; and provides lower cost and effective admission avoidance provision. BSW CCG are of the view that this resource is an integral part of the crisis care pathway, achieving admission avoidance and expediting step-down from mental health inpatient and Acute.

Step up / step down accommodation improves the quality of life through interventions provided at point of need - by remaining in a community setting, people maintain their daily living skills and have access to their social networks, whilst having time in a supportive environment with highly skilled staff.

The service is for people with severe and enduring mental ill health. A formal diagnosis of mental health is not required to access this service.

The service is for people who are the responsibility of BSW CCG as per national 'Who Pays?' Guidance

(<https://www.england.nhs.uk/wp-content/uploads/2014/05/who-pays.pdf>). This service will

accept referrals for individuals from across BSW.

The accommodation and support must be in a supportive environment which helps people to meet their identified needs and goals and offers support to enable them to live successfully in their community. The facility must be located in a densely populated area of Bath & North East Somerset with good rail or bus links such as Bath, Keynsham or Midsomer Norton and close to local amenities.

The Commissioner has a budget of £200,000 per annum. The total contract value for the duration excluding extensions. Contract is £600,000 total value excluding extensions. At the end of the initial contract term the Commissioners will have an extension option for any number of periods up to a maximum of a further 2 years available which will be awarded at their discretion, giving a maximum possible contract value of £1,000,000 exclusive of VAT, over 5 years if the full contract term is fulfilled.

BSW CCG are in the process of working through an agreed BSW model and specification to ensure a consistent approach across the ICS, and the successful provider of this service will support this process. The specification will not, however, be materially different to what we are procuring.
