II.2.4) Description of the procurement

West College are looking to appoint a number of Service Providers to a multi-supplier framework agreement for the provision of online training courses with learning platform.

This requirement is anticipated to include:

- assisting the College to source and enrol eligible learners
- providing approved online learning resources (with supplementary learning materials where relevant)
- providing a Learner Management System to track progress and encourage learners to submit their initial assignment

Service providers are also expected to provide the following services as part of the contract:

- Promotion of the College portfolio of online courses to appropriate target audiences
- Sourcing learners from the West Region of Scotland
- Ensuring learners are tracked through the College enrolment process
- Engaging learners through welcome and introduction activity

- Ensuring that learners are inspired to continue beyond the initial learning milestones
- Tracking learner progress throughout learner journey and liaise with the College
- Liaising with the College on agreed target audiences to ensure planned and effective marketing and promotion campaigns
- Management of payment information to staff marking courses
- E-certification system built in for all courses to include creation, dissemination and reporting on certification process
- A system that includes API Integration Functionality. This should supporting bi-directional integration (via open API) to enable real-time updates between the Learning Management System and the College's Management Information System (MIS), including:
 - * Inputs: Automatic syncing of student enrolments from the College's MIS into the LMS
 - * Outputs: Submission of learner progress, attendance, and assessment records to the College's MIS for compliance and reporting
