Section II: Object

II.1) Scope of the procurement

II.1.1) Title

P-0974 Supply of Public Transport Planning Tool

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

Translink wishes to invite tenders for the provision of a “software as a service” (SaaS), fully-hosted, cloud-based Public Transport Planning Platform. The aim of the web-based tool is to map transport routes and services and assess the impact of demographics and changes to routes. The software must create route and schedule scenarios and edit existing routes on a single, web-based map application. It should also generate demographic and accessibility analysis through built-in or importable layers/geographic files and generate isochrone visualisations. In addition, the software should also compute accurate cost and resource requirement estimates.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 72000000 - IT services: consulting, software development, Internet and support

VI.4) Procedures for review

VI.4.1) Review body

Please see VI.4.3

Belfast

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Translink will incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into. The Utilities Contracts Regulations 2016 provides for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).
