Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Contract for 16+ Accommodation and Support

Reference number

DN654239

II.1.2) Main CPV code

- 85311000 - Social work services with accommodation

II.1.3) Type of contract

Services

II.1.4) Short description

Kent County Council has a statutory responsibility to safeguard and promote the welfare of

Kent Children in Care and ensure best value for money it spends on behalf of the Kent population. It also has a statutory responsibility to ensure there is safe and sufficient

accommodation for Children in Care. The KCC Sufficiency Strategy for 2022-2027 sets out

our approach to meet this statutory responsibility over the next five years.

In addition, in December 2021, the Department for Education outlined its intention to introduce national standards for independent and semi-independent provision for looked after children and care leavers aged 16 and 17, which will be overseen by an Ofsted led registration and inspection regime. The implication of this, is that current provision of unregulated accommodation and support services within Kent, will need to be re-commissioned during a 12 months transition process, commencing in April 2023, to meet

the new national regulation standards.

The Council is working to redesign and align the existing accommodation and support pathways for Care Leavers, Children in Care and Children in Need 16 and 17 year-olds. This

includes purchasing a good range of stable, safe, and well-maintained accommodation and

support services that are flexible to meet individual and changing demands.

This Prior Information Notice (PIN) is to advise prospective providers of the Council's intention to hold early market engagement with providers, in order to ascertain their intention about becoming regulated providers, and plan and conduct the procurement of the

Accommodation and Support service, with the aim to commence the procurement by 1 April

2023.
